Pork Chop hill in Korea. A fierce attack by Chinese Reds kept them busy fighting for 48 hours without sleep or rest.

Communists To Give Answer Saturday On Quick Truce Demands

By SAM SUMMERLIN

MUNSAN (AP)—Gen. Mark Clark huddled for three hours with U. N. truce negotiators today in advance of a showdown meeting Saturday afternoon at which the Communist high command is expected to answer an Allied demand for a quick Korean armistice.

There was no hint of what was discussed during the secret 11-hour conference, but sources said there was no question but what the U. N. commander and his negotiating team mapped strategy for the crucial session.

The top-level delegations are to meet at 2 p.m. (11 p.m. today CST).

Reds Ask Recess

Clark told newsmen before flying back to his Tokyo headquarters that he talked over the truce situation with the U. N. delegation, led by Lt. Gen. William K. Harrison Jr. He refused to discuss details.

The negotiations were in recess Friday. The Reds asked for a 1-day recess Thursday after the U. N. delivered what Washington sources called a firm demand that the Reds

agree immediately to steps leading to a prompt armistice.

Informed quarters have said efforts to agree on final details of a truce were "stalemated by Red demands for the recapture of 27,000 anti-Communist Korean war prisoners liberated last month and ironclad guarantees that South Korea will honor a truce.

Cooperation Promised

Harrison was said to have told the Reds:

1. The U. N. will not meet their demand for the recapture of the prisoners freed on orders of President Syngman Rhee.

2. The U. N. has given adequate assurances that South Korea will abide by a truce.

President Eisenhower's truce envoy, back in Washington after more than two weeks of conferences aimed at winning Rhee over to a truce, told Congress Thursday the South Korean President promised in writing to cooperate in an armistice.

Husband Of Two Escapes Bigamy

DETROIT (AP)—Robert H. Maxwell, 20, twice a groom to teenaged brides in the last three months, walked into more trouble in a courtroom Thursday.

But it looked like he might get off without a bigamy charge.

Maxwell was hauled into court on a non-support charge brought by Patricia Macika Maxwell, 19, who said she and Robert were married April 25 at Angola, Ind., and that she is two months pregnant.

A spectator was Wanda Brooks Maxwell, 18, who says she married Robert at LaFayette, Ga., July 9. Patricia told reporters: "I'd never take him back." But Wanda brought him a razor and some soap.

Robert pleaded innocent to the non-support charge and was released on \$500 bond, so he didn't need the razor and soap after all. He wasn't going to jail.

But as he walked out he was arrested again. This time on a charge of driving without an operator's license.

Prosecutor Gerald K. O'Brien said no bigamy warrant had been recommended against Robert because he and Wanda never lived as man and wife in Wayne (Detroit) County.

Princess Margaret Unruffled By Fuss Over Her Romance

LONDON (AP)—Smiling and seemingly carefree, Princess Margaret came home today to a Britain buzzing with fussing about her latest romance and lacking the presence of her reported boy friend.

The man in the story, divorced RAF Group Capt. Peter Townsend, went to Brussels two days ago as the new air attaché at the British Embassy there. Many Britons think he was exiled from his post as a palace aide because the 22-year-old princess reportedly wants to marry him.

But if his absence or the talk about them bothered the princess,

there was no outward sign of it on her pretty face as she and Queen Mother Elizabeth arrived at London Airport by Comet jet airliner after a 16-day tour of Rhodesia.

Margaret quickly set at rest any apprehension that she might be embarrassed by the stories being told about her. She faced the 2,000 Londoners behind the airport railing with utmost poise and confidence.

Dressed in pink, she stood under a silver wing of the sleek airliner and waved gaily at the crowd.

Queen Elizabeth II, in a light green frock and white shoes and gloves, was at the airport to greet her younger sister and her mother. With the Duke of Edinburgh, she entered the plane for five minutes of private greeting.

The press rumor over the royal romance rumor continued unabated.

Taft Won't Return To Senate Seat For Remainder Of Session

NEW YORK (AP)—A hospital bulletin said today that Sen. Robert A. Taft (R-Ohio), who recently underwent an exploratory operation for a hip ailment, does not intend to return to his duties in Congress for the remainder of this session.

The announcement was made by New York Hospital, where Taft is recuperating from the exploratory operation of the abdominal wall made last week.

Taft, the Senate's majority leader, withdrew from active floor management recently when he became incapacitated by hip ailment. The hospital bulletin reported him in good condition today. It said no complications had developed.

Argument Fatal

FLINT (AP)—Thomas Dollie, 38, will be examined July 23 on a charge of manslaughter in the death of William Miles, 75, of Flint, Monday. Dollie is accused of striking Miles while berating the elderly man for standing in the street as he attempted to drive past. Miles died within an hour of a fractured skull.

Wide Area Gets Heavy Rainfall

By THE ASSOCIATED PRESS
Skies were clear in most of the Western states and in the north-eastern part of the country today but it was wet and cloudy weather over wide areas of the mid-continent.

Rain and thundershowers hit sections of Illinois and Indiana and Southern Wisconsin during the night. Earlier showers fell in the Eastern Dakotas and thundershowers were reported in Northern Texas and Southern Arizona. Heaviest rainfall yesterday was in the Southeastern and South Central sections of the country. Cooler air continued to move slowly eastward over the North and Central plains.

Red Cross Helps

FLINT (AP)—The American Red Cross reports that it has spent \$307,260 to date in aiding families who suffered in the Flint tornado of June 8.

Pontiac Bank Bandit Caught In New York With \$32,000 Loot

NEW YORK (AP)—A \$2-an-hour surveyor's helper was seized here today as the coldly deliberate bandit who robbed a Michigan bank of \$42,000.

The FBI picked Harold Lloyd Mock, 32, of Pontiac, Mich., off a plane from Detroit shortly after midnight and said he admitted the robbery.

The arrest brought a sudden end to a widespread search since the daring daylight robbery Tuesday of the Auburn Heights branch of the Pontiac State Bank.

Two Loaded Pistols

A dramatic hunt had extended even to the Detroit Tigers baseball game with the Boston Red Sox at Briggs Stadium in Detroit Thursday night.

Mock, employee of the Oakland County Mich. surveyor's office and World War II Air Force mechanic, was seized by the FBI at LaGuardia field.

He was carrying a suitcase containing two loaded pistols and more than \$32,000 in cash, agents said.

FBI agent Leland V. Boardman

said Mock surrendered quietly, admitting he was the bearded, roughly dressed gunman who robbed the bank.

Mock was to face a U. S. commissioner in Brooklyn later today on a charge of bank robbery.

Called Ideal Husband

Mock described by his wife, Martha, 30, at Pontiac, as an "ideal husband," faces a possible sentence of 20 years in prison and a \$5,000 fine, or both, if convicted.

Townships Rated As Rotten Rich

EAST LANSING (AP)—A charge that townships in Michigan are "rotten rich" was aired Thursday at the Michigan State College Forum on state and local government.

Joseph W. Planck, president of the Lansing Board of Education, said the townships receive too much state aid.

"Townships get more than their share," Planck said. "They are rotten rich. The proportion is especially out of line compared with some school districts that are gasping for life."

Clarence Elliott, Kalamazoo city manager, said he thought the cities should get a fatter slice of state aid.

"We feel the sales tax originates in the cities," Elliott said. "It is better administered by the state but it properly belongs to the cities."

Beauty Contest Narrowed To 16

LONG BEACH, Calif. (AP)—Which of 16 near-perfect contestants in the most beautiful girl in the world?

The answer—sure to give judges of the Miss Universe contest some uneasy moments—will be known tonight.

There were at least 16 impressive performers in the field of 26 competing in Thursday night's preliminaries, judging from the applause of 2,500 spectators in Long Beach Municipal Auditorium.

The judges somehow accomplished the job of narrowing the group to 16 semifinalists, but their identity will not be announced until tonight. From there, the field will be cut to five finalists, from whom will come Miss Universe.

The most popular girls, on the basis of audience reaction, included Christiane Martel of France, Turkey's Ayten Akoy, Japan's Kimiko Ito, Italy's Rita Stazi and the newly crowned Miss United States, Myrna Hansen of Chicago.

The beauty of the lavish evening gowns brought gasps from the feminine portion of the crowd. The men showed more enthusiasm for the bathing suit competition, especially when Miss United States, Miss Italy and Canada's Thelma Brewis walked down the runway.

The 16 semifinalists will do their stuff in both formal and swim suits again tonight, and will undergo a slight test of personality and poise. Each will be asked to say a few words in any language she pleases.

High Output Oil Well Brought In Near Ionia

IONIA (AP)—A 15-barrel-a-day oil well has been brought in, according to promoters, in North Plains township, five miles northeast of here. The discovery was announced by the McClure Oil Co. of Alma and the Bartels Development Co. of Fort Lauderdale, Fla.

J. Lee Strachan of Ionia, president of Bartels, said the 15-barrel flow was struck at 2,587 feet in the Upper Traverse level. Strachan said he believes it indicates a new Traverse level field and that more wells will be drilled.

The well is four miles south of the Bloomer field in Montcalm County.

Immigrant Bill May Be Revised

WASHINGTON (AP)—President Eisenhower reportedly has told legislative leaders he is willing to accept a compromise on his proposal to admit 240,000 special quota immigrants to this country.

The President's attitude, said to have been made clear at a White House conference earlier this week, stirred hope for early approval by the Senate Judiciary Committee of a bill which Sen. Watkins (R-Utah) said would be "useful as an instrument of foreign policy."

Chairman Langer (R-ND) called the 15-member committee into a closed session after being presented with an unusual petition Thursday signed by five Republican and three Democratic members, the petition asked for a session of the group tonight if this morning's meeting fails to produce a final vote on the bill.

Watkins said the eight who signed, plus Langer, represent a committee majority determined to get a bill before the Senate in this session of Congress. A House judiciary subcommittee has approved a version of the measure reportedly not at all satisfactory to the White House.

What specific changes in the legislation would be acceptable to Eisenhower were not disclosed.

Marinette Man New Head Of VA

WASHINGTON (AP)—Harvey V. Higley of Marinette, Wis., was nominated by President Eisenhower today to be administrator of veterans affairs, succeeding Carl R. Gray Jr., resigned.

Higley is chairman of the board of Ansul Chemical Co. of Marinette. At the 1952 GOP National Convention he was a Wisconsin delegate favoring the nomination of Sen. Taft of Ohio for President.

Higley, born Oct. 26, 1892, was a lieutenant in World War I in the chemical warfare service.

The American Legion, Veterans of Foreign Wars, and Amvets issued statements praising the nomination.

Boy, 3, On Binge

PHOENIX, Ariz. (AP)—A three-year-old boy went on a binge here. He found 20 partially empty wine bottles tossed near his house and consumed what was left.

An ambulance man revived the lad and a doctor subsequently reported no damage was done.

Open Warfare Is Resumed On Flaming Front

SEOUL (AP)—Fiercely counterattacking Allied infantrymen — perhaps including Americans — whittled down Red gains of up to seven miles on the flaming Central Front today in what Gen. Maxwell D. Taylor called "the first resumption of open warfare in two years."

Latest reports cleared by censors said South Korean soldiers hit and overran about 1,500 Chinese Reds in the Kumsong River Valley.

Bulge Flattened

Taylor, U. S. 8th Army commander, disclosed that the Chinese Reds' massive 10 - division offensive this week—mightiest in two years—flattened the Allies' Kumsong bulge. This meant a U. N. withdrawal of up to seven miles and total Red gains of up to 60 square miles.

The 9th American Corps and 2nd Korean Corps were identified as manning the Kumsong River line — the first disclosure that U. S. infantrymen were in the area hit by the giant Red push.

Tight military censorship hid official mention of whether Americans were taking part in the big counterattacks.

Taylor said the front was stabilized "generally along an east-west line at the base of the former salient"—where Allies held a seven-mile northward bulge as a result of gains 20 months ago.

Attackers Lose Heavily

Dispatches cleared by censors meanwhile told of successful South Korean counterattacks at both sides of the front, backed by swarms of American and Allied warplanes and thunderous artillery.

The ROK division which Thursday night smashed a Chinese attack aimed at the vital highway junction of Kumsong, western anchor of the Central Front, was identified by Taylor as the 9th, heroes of savage fighting at White Horse Mountain last fall.

Friday the ROKs launched a daring counterattack and recaptured two outposts hills. Taylor said the South Koreans inflicted heavy losses on the Chinese.

Other South Koreans were officially reported to have scored even larger gains—more than a mile—on the Kumsong Front to the east, where the Reds had advanced up to seven miles Monday and Tuesday.

Associated Press Correspondent Forrest Edwards called the Kumsong Front "a Communist

Ace Jabara Flies Last Mission; Fails To Down MIG No. 16

SEOUL (AP)—America's first jet ace, Maj. James Jabara, flew his last two Korean missions today in an all-out but unsuccessful attempt to shoot down his 16th Red MIG and tie the Korean War record.

The cigar-chewing Jabara lost his change to tie the record set by Capt. Joseph McConnell Jr., Apple Valley, Calif., when the few MIGs he spotted on his first mission of the day disappeared into the clouds over North Korea.

On his second mission of the day—the 100th of his second tour in Korea and his 163rd of the war—the Wichita, Kan., Sabre jet pilot didn't even sight a Communist plane.

He climbed wearily from the cockpit of his F86, looking downcast and angry at the Red fliers for not coming out to fight.

"If trying means anything, he got five MIGs today," said a fellow pilot.

Jabara is the second triple jet ace (15 kills) in history, McConnell is the only other pilot to reach the triple-ace rating.

Jabara has been ordered to report to 5th Air Force Headquarters here Saturday morning and will be sent back to Japan and then to the United States.

"I want to keep flying Sabre jets; but I'm going to be sweating out one of those jet desk jobs," Jabara said when asked what he wanted to do. "I got one of those between my two tours out here."

He barely made 100 combat missions on his second tour. He had been ordered to report to Japan Monday regardless of whether he completed the 100 missions.

MISS UNITED STATES—Eighteen-year-old Myrna Hansen of Chicago won the title of Miss U. S. A. at Long Beach, Calif., and the chance to compete with girls from all over the world for the title of Miss Universe. Myrna is 5 feet 7 inches and her measurements are bust 37, waist 25, hips 35. (NEA Telephoto)

Russian Tanks Rumble Back In Eastern Berlin

By DAN DE LUCE

BERLIN (AP)—A Russian tank division rumbled back into East Berlin today as a dangerous new wave of anti-Communist strikes marked the first monthly anniversary of the June 17 workers rebellion in East Germany.

The columns of Soviet tanks, troops and armored cars stamped and rumbled ostentatiously before dawn through Stalin Allee, a riot focus a month ago. The Russians poured into East Berlin from the southeast, the east and the north.

Strike Paralyzes Plant

Soviet martial law, proclaimed at the June 17 outbreak, was lifted in East Berlin only last Saturday night. The last of the 25,000 Russian armored troops who put down the rebellion withdrew at that time.

It could not be confirmed immediately whether the Soviet forces had also gone back into other East German cities where martial law ended last weekend.

French Stage Bold Raid In Indochina; Red Center Wrecked

WITH FRENCH FORCES AT LANG SON, Indochina (AP)—French Union paratroopers today captured Lang Son, within 10 miles of the Communist Chinese frontier, in the boldest raid of the 7-year-old war against the Vietnam. They succeeded in wrecking the chief supply center for all war equipment supplied to the Vietnam by Red China.

A military spokesman said that while the troops were not expected to occupy Lang Son for long, the attack proved the French had definitely abandoned defensive tactics and were changing over to the offensive.

Five thousand paratroopers were dropped from American-supplied Dakota and Flying Boxcar transport planes in the lightning raid in the enemy's back yard. They quickly took over control of Lang Son, which had been in the hands of the Red-led Vietnam for three years.

The air attack caught the enemy at breakfast. The paratroopers swiftly routed scattered resistance after fighter planes and bombers silenced a group of Vietnam anti-aircraft batteries made up mostly of heavy machineguns.

The sky troops blew up huge stores of war supplies and ammunition. They dynamited bridges and temporary spans over the Ky Cua River linking Lang Son with Kwangsi Province in Red China. Military installations were leveled. B26 bombers ripped fresh gaps in all roads leading into China over which the Vietnam had been receiving an estimated 3,000 tons of war equipment a month.

Project For Soo Bridge Revived

WASHINGTON (AP)—The Senate Foreign Relations Committee Thursday approved a bill to revive Michigan's authority to join with Canada in building a bridge or tunnel at the Sault Ste. Marie crossing of the St. Mary's River.

Congress authorized such a bridge in 1940 but the authority lapsed when construction was not begun with a year.

The new legislation allows three years for the construction to start and six years for it to be completed.

The House has passed the bill introduced by Rep. Knox (R-Mich.) Sen. Ferguson (R-Mich.) is sponsoring it in the Senate.

Weather

Reported by U. S. Weather Bureau

Teller At Bank \$236,814 Short

SCRANTON, Pa. (AP)—The Federal Bureau of Investigation probed today into the background of a 40-year-old assistant cashier charged with misapplying \$236,814 in funds of the Third National Bank of Scranton over a period of five years.

The FBI was hastily summoned into the case Thursday by bank officials who discovered the shortage after a business firm asked for a tally of its balance.

Free on \$10,000 bail is Gilbert J. McCauley, 40, recently promoted to the \$3,500-a-year post of assistant cashier in charge of book-keeping.

Ray J. Abbaticchio, special agent in charge of the FBI's Eastern Pennsylvania district said McCauley readily admitted misapplying the funds. The FBI is trying to find out just where the money went. McCauley started with the bank 24 years ago as a messenger.

More Financial Woes For State

A recurrence of the financial headaches which plagued Michigan schools in the 1952-53 school year was prophesied here yesterday by State Treasurer D. Hale Brake.

The state's treasurer, who was here for a meeting of the state board of the Municipal Employees Retirement System, said state payments to schools and "for other things" may be delayed this fall and in the early months of 1954.

New tax measures passed by the legislature are expected to lift the state treasury out of its difficulty within a year, but it "takes time to get returns on the new taxes," Mr. Brake said. "Very probably January will be our worst month," Brake predicted, noting that heavy state aid payments to schools fall due then. The state is about caught up on its school payments now, the treasurer said.

He estimated that the state deficit would be \$45 to \$46 million for the 1953-54 fiscal year. However, he said, records will not be available in full until in September or October.

"As nearly as can be estimated, the new taxes will provide \$10 million above appropriations for the 1953-54 fiscal year, so the state should be able to apply some on its deficit," the treasurer added.

While here Thursday Brake praised the Michigan Municipal Employees Retirement System as "one of the finest in the country." Since its organization in 1945, he said, it has been actuarially sound and has become one of the fastest growing retirement systems in the country.

Runeberg Order Convention Here Saturday, Sunday

The Order of Runeberg convention will be held here Saturday and Sunday with John S. Back as general chairman.

A program will be held at Unity Hall Saturday, beginning at 8 p. m. Mrs. J. R. Larson is chairman of the following program:

Toastmaster, J. S. Back; opening songs, "Here We Gather" and "Vort Lang"; by the audience; welcome speech by lodge president, Carl Franzen; violin-duet by Mrs. Clara Somers and Barbara Costley, accompanied by Mrs. Francis Costley; talk by Atty. Heggblom; vocal duet by Joan Kositzke and Mary Costley; talk by Mrs. Rudolf Larson; solo by Mrs. Arthur Olson, accompanied by Mrs. Reynold Gustafson; "America," sung by the audience, accompanied by Mrs. Gustafson.

A Runeberg picnic will be held Sunday at Pioneer Trail Park. Members and friends are invited.

Health Consultant Visits Escanaba

Mrs. Rona Whelan of Lansing, consultant for the State Department of Public Health Nursing, visited in Escanaba today to confer with the Delta-Menominee County Health department nurses on the field training program.

While here she met with Miss Cora A. Bennett of Lima, Ohio, Wayne university student now in field training here; Miss Phoebe Anderson, nursing supervisor for the health department here, and Miss Irene Larson, field teacher. Mrs. Whelan will return to Lansing tonight.

Improved Mail Service at Soo

SAULT STE. MARIE — Mid-morning mail service from Detroit and other southern points will be provided in Sault Ste. Marie beginning Aug. 1, Postmaster Mary A. Ripley announces.

Mail for the Sault will leave Detroit at 10 p. m. aboard a Greyhound bus and will be in the city at 9:27 a. m. the following day, said Mrs. Ripley.

She said the incoming mail will be in post office boxes by 10:30 a. m., and special delivery mail will be on the route before that time.

RAILROAD OFFICIALS met in Escanaba yesterday with Escanaba businessmen to discuss the plight of the railroads. In the picture above are Supt. Arthur A. Peterson, Soo Line, Gladstone; Supt. Emil Christensen, Escanaba and Lake Superior; George H. Wyatt, Detroit,

chairman, Michigan Railroad Association; H. C. Saakvitne, Detroit, attorney, New York Central; Roob Allie, secretary, Michigan Railroad Association; Supt. George Stuart, Chicago and North Western, Escanaba; Robert Losse, general manager, Harnischfeger Corp., Escanaba.

Unfair Regulations, Inequities In Competitive Factors Injurious To Railroads, Officials Contend Here

Officials of the Michigan Railroad Association, meeting with Escanaba businessmen last night at the House of Ludington, pleaded for public assistance in securing relief from "obsolete regulations" and for a removal of inequities in transportation competition.

Spokesmen for the association were Roob H. Allie, secretary; H. C. Saakvitne, legal counsel of the New York Central Railroad; and George H. Wyatt, chairman of the association and general attorney of the New York Central. Joseph Max, plant protection officer of the New York Central, also was a member of the visiting group.

The meeting was sponsored by the Chicago and Northwestern Railroad, the Soo Line Railroad and the Escanaba and Lake Superior Railroad. George Stuart, superintendent of the C. & N. W. Peninsula Division, was chairman of the meeting.

700 Volumes of Regulations
Roob Allie reported that the railroads are regulated by 700 volumes of rules and states many of which are obsolete and unduly restrictive. He explained that many of the regulations were created when railroads handled 95 per cent of the country's freight business and 100 per cent of the passenger business.

"The railroads needed regulation then," Allie said. "The railroads no longer have a monopoly in the transportation business. Today we need relief from the inequities that exist in the transportation field."

Citing examples of inequities, Allie said that LaGuardia Field in New York cost \$94 millions of taxpayers' money and Idlewild Airport \$151 millions of public money. Annual deficits are paid from public funds, he said, and in contrast Grand Central Station in New York paid \$4 million annually in taxes.

Cites Inequities
"The toilet concession at LaGuardia Field yields more revenue than the airlines pay in landing fees and other costs," Allie said.

The railroad official reported that one-half of the revenue at National Airport, Washington, comes from concessions and only one-twelfth from the airlines. In contrast, he said, only one-tenth of the revenue at Union railroad station in Washington is from concessions and the remaining nine-tenths comes from the railroads. The Union Station, he said, paid \$237,852 in taxes last year, \$164,724 in income taxes and \$329,185 in interest.

Allie said that the railroads carried 18/19th of the nation's first class mail for which they received \$27 millions and the airlines carried 1/19th for which the

airlines received \$56 millions. He added that the airlines were paid 7c for each airmail letter they carried, although the airmail rate is only 6c, and the railroads received 1/12th of a cent for each letter they carried.

H. C. Saakvitne said that the time lag from the application to ICC for rate increases to the day when the ICC issues its order has caused the railroads tremendous financial difficulties. He said that four rate increases granted since the end of the war had an average lag of 350 days each.

Time Lag Costly
In 1949, Saakvitne said, when railroad employees were granted a 16c an hour wage increase in April, retroactive to Jan. 1, the railroads petitioned April 15 for a rate boost to compensate for increased costs.

"On July 1, the ICC approved an interim increase of one-fourth of our request and 8 1-2 months later the commission granted an additional one-half of our request. None of this was retroactive and the time lag cost us \$600 millions in wages plus \$200 millions in other increased costs," he said.

The speaker said that this amount of money lost because of the time lag could buy all of the stock of all of the railroads operating in Michigan.

Saakvitne said that railroad passenger service losses constitute one of the most serious problems confronting the railroads.

Staggering Losses
"The railroads are losing \$565 millions annually on their passenger service," Saakvitne reported. "If this trend continues the ability of the railroads to continue as a privately owned industry will be seriously jeopardized."

The speaker said that freight customers are being forced to ab-

sorb part of this loss. Saakvitne contended that regulations requiring the railroads to maintain unprofitable passenger services are responsible for this condition.

"We are forced to continue some passenger trains in which the number of passengers carried is less than the number of members of the train crews," he added.

The third speaker, George Wyatt, emphasized two major points: 1. That railroads are vital to the economy of the United States; and 2. That the survival of the railroads as a private industry is threatened by over-regulation.

"The railroads carry more freight and more passengers than all of the other forms of transportation combined," Wyatt said.

Threat to Capitalism
Wyatt warned that the unfavorable situation in which the railroads finds themselves today represents a very serious threat to the capitalist system in America.

"Nationalization of the railroads is always a first step towards socialism," he said.

Wyatt reported that the manufacturing industry has earned 11 1/2 per cent on its investment in the years since 1946 but that railroads earned only 3 1/2 per cent during that same period. The return to stockholders and investors has averaged only 2 per cent, he said.

The speaker said that railroads have paid \$144,000 per mile for construction of their right of way and pay \$6600 per mile per year for maintenance.

"More Discrimination"
"Twenty-two cents of every dollar in revenue received by the railroads goes for maintaining right of way and for taxes," Wyatt reported. "In contrast highway freight carriers pay only 4c per revenue dollar in taxes to the state and this money is returned to their benefit by road improve-

6-Months Trade Trends Shown

Trade in Escanaba from January to June of this year does not show the same degree of increase over 1952 as a majority of Upper Peninsula communities, and the city is in the bottom seven of 19 Upper Peninsula communities in this regard, figures released by the Federal Reserve Bank of Minneapolis show.

For the January-June period, Escanaba's trading activity this year stood at 101 percent of last year.

The bank's figures show bank debits for the January-June period. Bank debits are, for the most part, checks against depositors' accounts, according to the bank. Thus they show what people are spending for goods and services and what they apply against their debts.

The Upper Peninsula community with the greatest advance in trading activity over 1952 is Iron River-Stambaugh, where trade this year is 119 percent of trade last year over the same period.

The community whose trade has fallen off most since 1952 is L'Anse. Trade there is 94 percent of 1952. June showed an upswing for L'Anse, however, trade in that month being 105 percent of the same month in 1952.

Escanaba's trade for the month of June showed a respectable if not startling increase over June of the previous year. The community, with trade at 112 percent of June 1952 trade, stood just about in the middle of U. P. communities.

ments. None of our tax money is used for the benefit of the railroads but is used for maintenance of public schools."

As an example of discrimination, Wyatt referred to a situation in Detroit in which the railroads were assessed half of the cost of constructing an all-truck highway because the railroad right of way abutted the highway project. The other half was assessed against property owners on the other side.

"We were forced to pay the cost of improving the facilities of our competitors but the competitors were not assessed anything for this project of which they were the beneficiaries," Hyatt said. The same situation applies to grade separations, he added.

Wyatt pleaded for a change in the situation under which all forms of transportation would pay their proportionate share of taxes and in which there would be no subsidies to any carrier.

"The rules of fair play require equitable treatment to all competitors," he said.

munities. Eight cities had a greater increase for the month, ten had less.

The U. P. city which had the greatest increase in trading activity this June as compared with last June was Bessemer, where trade for June 1953 was 130 percent of trade for June 1952. Community with the greatest drop was South Range, where activity this June was only 85 percent of last June.

Menominee Boy First To Get Gamma Globulin

The first injection of poliomyelitis gamma globulin from the Delta-Menominee Health department's supply will be given to a 10-year-old Menominee boy, Dr. William C. Harrison, health department director, said today.

The youngster, Gilbert Dean, has had poliomyelitis twice—in August, 1949, and in September, 1952, and is considered highly susceptible to the disease, Dr. Harrison reports.

Physicians at the children's center in Marquette have recommended that the youngster, and his parents, be given gamma globulin, the health director reports. The child still has some muscular involvement, Dr. Harrison states.

Arrangements for administration of the immune globulin by the child's physician now are being made by Miss Lucille Savage, health department nurse in Menominee.

Use of the gamma globulin for the Menominee child will be the first time the biologic material has been used for poliomyelitis in the two-county area. A 200 cc shipment was received by the health department this month.

Gamma globulin is administered on the basis of 0.14 cc per pound of body weight, but temporary dosages of 0.28 cc per pound of body weight also will be used—in event of polio cases in Delta or Menominee County—to determine whether increased dosages lower the incidence curve

FOR SALE

Three parcels of land in the National Forest with private road for buyers to Big Stevens Lake. All wooded, good water, good hunting and fishing. Don't miss seeing this land. Good road to land and lake. Not much land left to buy around close to lake and these parcels will be sold for \$150 to \$200 each. Some terms. To see this property go to Nahma, then take Federal Forest Highway 8 miles north, then follow Forest Home signs in.

Premium Books For Fair Mailed

The Silver Jubilee issue of the Upper Peninsula State Fair premium book is now off the press and copies are being distributed throughout the Upper Peninsula.

Appropriately enough, the cover page features a silver background and the letters, "Silver Jubilee."

Thousands of copies are being mailed to prospective exhibitors in all departments. Copies may also be secured from the county agricultural agents in the Upper Peninsula and in most Chamber of Commerce offices.

The premium book contains complete information about the various exhibit departments, rules and regulations for exhibitors and concessionaires, entertainment features of the fair and numerous other items of interest to fair patrons.

Copies of the book may also be secured by writing to the Upper Peninsula State Fair, Escanaba, Michigan.

City Council Acts On Bids

Bids on fleet insurance for vehicles owned by the City of Escanaba were referred to the city controller for analysis during a regular meeting of the Escanaba City Council Thursday night.

Three bids on fleet insurance were received. They were from the W. J. Perron Insurance Agency, for \$1,766.78; Employers Mutual for \$2,659.18, and Peninsula Insurance Agency for \$2,698.83.

The council instructed the city manager to accept the low bid, if it is equal in coverage with others, following analysis by City Controller A. H. Lawrence.

Analyze Coal BTU

The council last night also moved to accept the Reiss Coal company bid to supply 4,000 tons of coal for the steam plant. It accepted a recommendation from the steam plant superintendent, Joseph Paterick, to buy all high grade coal, rather than half high grade and half low grade.

Analysis of the ash and moisture content of coal samples submitted showed that the high grade coal, submitted by Reiss yielded a million BTU at a lower rate than any other submitted. Loren Jenkins, city engineer stated.

The Reiss Company bid was \$10.08 per ton for high grade coal and \$8.84 for the lower grade. Escanaba Coal Dock company was the only other bidder. Its bids were \$9.30 per ton for the cheaper grade and \$10.04 for the high grade.

Two Councilmen Absent

The coal is guaranteed to be delivered at the same BTU content, City Engineer Jenkins reported. Jenkins, who acted last night for City Manager A. V. Aronson, who is out of the city, said samples will be drawn from railroad cars as coal is delivered to check BTU content.

"A saving of \$1128 can be made by the city by using the higher grade coal," Jenkins said. He also pointed out that if moisture content of the coal changes, the company will give consideration for it.

Only three councilmen, Jacob Bink, Edward Cox and Wes Hansen, were present for the meeting last night. Councilman Hansen presided at the session. City Clerk George Harvey reported that Mayor Robert LeMire and Councilman Guy Knutson were out of the city.

Paving Petition

The council last night also granted a request for a street light at S. 25th and 26th ave., on Lake Shore Drive. The electric department reported residential growth had taken place in the area and a light was needed.

Other action by the council last night was as follows:

Reported that the electric department now is studying a request received for a light in the 1600 block of S. 15th St.

Accepted petition for paving of N. 15th ave., between Sheridan Rd. and Stephenson Ave., and referred it to the engineering department for cost and estimates. City Engineer Jenkins reported the work could be done next year, and that property owners could build sidewalk in the area this year, after the city engineering department has computed the grade.

Survey Park Benches

Referred to the electric department a request from 10 property owners for a street light at the 14th ave., and S. 23rd St., intersection. The council requested that a recommendation be prepared by the electric department in time for the next council meeting.

Referred to a study committee a request from the Wahl Drug Store for a parking and unloading zone.

Moved that the city's parks and forestry superintendent, Robert Clayton, be instructed to survey benches and tables in Ludington Park to determine if more are needed. The matter was brought before the council by Councilman Jacob Bink.

City Cancels Taxes

MANISTEE (AP)—The City Commission has agreed to cancel \$3,700 in back taxes charged against the Manistee Iron Works contingent on similar action on claims against the company by the Reconstruction Finance Corporation and other federal agencies. The action was taken to improve chances of selling the company's plant employing 150 workers.

STATE BOARD — D. Hale Brake, at right, Michigan state treasurer, was in Escanaba Thursday for the quarterly meeting of the State Board of the Municipal Employees Retirement System. Left to right in the picture above, starting in the foreground, are W. E. Miller of Marquette; Donald O'Hara of Lansing, ex-

ecutive secretary; Gertrude Ludwick of Lansing board member; Loren Jenkins of Escanaba, board member who yesterday was named chairman; Jacob DeGraaf, board member from Holland; Carl Faist of Saginaw, board member who resigned as chairman yesterday; and Oscar G. Strum of Kingsford. (Daily Press Photo)

State Retirement Board Names Jenkins Chairman

Loren W. Jenkins of Escanaba was elected chairman of the state board for the Michigan Municipal Employees Retirement System at a quarterly board meeting held in the city hall here Thursday afternoon.

Jenkins, who is city engineer in Escanaba, succeeds Carl J. Faist of Saginaw, who submitted his resignation at the meeting here. Faist has been chairman the past three years.

Members of the board yesterday approved service retirement of five Lower Michigan municipal

employees, discussed provisions of the new state law governing the retirement system and conferred with representatives of four Upper Michigan cities.

Escanaba was one of the first cities to join the municipal retirement system when it was started in 1946. Since 65 municipalities, including three counties, 15 county road commissions and two townships, have joined, the executive secretary reported.

The retirement system, O'Hara said, now has reserves of over \$10 million, and is considered absolutely sound because it is based on a funded reserve system, like an insurance company.

Municipalities which belong to the state retirement system are not covered by social security, O'Hara pointed out. He also is secretary for the state employees' and circuit judges' retirement systems and is liaison agent in Michigan for Social Security.

A total of 375 political subdivisions in Michigan have adopted social security in the last two years, since municipal employees were eligible, O'Hara said. Of the Michigan political subdivisions, mostly counties have come under social security, but smaller villages have too, he noted.

Those attending the meeting here yesterday were D. Hale Brake, state treasurer, Gertrude Ludwick, board member, Florence Bundy, accountant, and Donald O'Hara, executive secretary, all of Lansing; W. E. Miller, Marquette, auditor; Harold C. Lindholm, Iron Mountain city clerk; Oscar G. Strum, Kingsford; Carl J. Faist of Saginaw; Jacob DeGraaf of Holland; and Loren Jenkins, Clarence Schrader and Francis Costley of Escanaba.

Members of the state board attending were Jenkins, Faist, DeGraaf and Ludwick.

Gladstone Girl Is Recovering After Being Hit By Car

Capitola Bloom, 12, daughter of Mrs. Capitola Bloom of Gladstone Rte. 1, was taken to St. Francis Hospital with shock, abrasions, and severe contusions to both thighs after she was struck on US-2-41 between Gladstone and Escanaba at 5:35 Thursday afternoon by an auto driven by Verner Kivioja, 37, of Rock, Michigan State Police reported.

Her physician reported her "doing very well" this morning.

Kivioja, heading north, was driving himself behind a semi-trailer, police said. Capitola was riding south on her bicycle and was, properly, on the shoulder of the road facing traffic, according to troopers.

The driver of the semi-trailer spotted the girl and slowed down. Kivioja couldn't slow up and he pulled out into the opposite lane to avoid hitting the semi-trailer.

He found a state police car coming at him in that lane, so he swung back into his own lane and onto the shoulder, where he struck the girl, who was riding four feet off the road on the shoulder, state police said.

Troopers ticketed Kivioja for reckless driving.

Forest Fire Danger Grows

Danger of forest fires in this area has gone up since Thursday, C. L. Harrison, head of the United States Forest Service here, said this morning.

Lack of rain has dried out some areas to the point where fire could start from a glowing cigarette butt or sparks, according to Harrison.

Today's haze made visibility from forest ranger towers poor, and if this situation continues planes may be hired to patrol areas where rangers cannot see, Harrison declared.

Towers are about 16 miles apart, the Forest Service head explained, and rangers can see eight miles in any direction when visibility is good. When visibility is poor, a channel is created between the towers where fires can't be spotted.

Harrison stressed the importance of finding a fire as soon as possible after it starts. On a day with no wind, he explained, it takes about an hour or an hour and a half after a fire starts, before the fire creates its own wind. If there is a gusty wind, the situation can become bad at once.

From January 1 to July 1 there were 20 forest fires in the Upper Peninsula, burning 284 acres, Harrison said. Of these three were "Class C" fires—10 acres or more. The worst was at Raco in mid-May, when 50 acres burned.

All were man-caused, Harrison said. However, authorities have been successful in bringing trespass action in only four cases.

Twenty fires by July 1 corresponds exactly to a five-year average, Harrison said. Last year over the same period, there were 15 forest fires.

Briefly Told

Marriage License — Robert James Brebner, 516th Airbourne, Camp Breckinridge, Ky., and Carole Stone, 218 N. 12th St., have applied for a marriage license in the office of the county clerk.

Water Itch—Boys swimming in a pool in Little Bay de Noc near the Chicago and North Western ore docks are breaking out with itch, city police report. Swimming is prohibited in that area.

Get Tickets—Robert A. C. Willis of Sturgeon Bay, Wis., has been ticketed by city police for a defective headlight and muffler and Donald Kelloniemi of Gladstone, Rte. 1 for a defective taillight.

A plastic surgeon can do almost anything with a person's nose except keep it out of other people's business.

Danforth Road Repair Talked

A request for improvement of the Danforth Road was presented to the Escanaba City Council, at a regular meeting Thursday night, by Councilman Jacob Bink.

Councilman Bink said the manager of a drive-in theatre whose patrons used the road had asked that the council consider the matter.

City Engineer Loren Jenkins reported that money has been earmarked in the budget for removal of old corduroy in the road, to eliminate bumps, and that re-graveling and other improvements to the road are scheduled.

However, the city has delayed work on the road because there is "no good detour" for patrons of the theatre, Jenkins reported. He said the city planned to wait until the drive-in theatre tapered off business this fall, so that traffic would not be held up while the road was under repair.

In the meantime, the engineer said, sand will be stockpiled along the road so that work can proceed rapidly once it is started.

The engineer indicated he preferred to delay work until traffic on the road is less heavy.

Millions will not have Acid Indigestion Today

Why? Because they always keep Tums handy—for record-fast relief of gas, heartburn, sour stomach. Almost instantly. Tums neutralize excess acid. Yet contain no soda to over-alkalize or cause acid rebound. One or two Tums, eaten like candy, stops stomach distress almost before it starts. Do as millions do—carry Tums always. Remember to get a handy roll today.

Unions to Offer Gifts at Fair

Over \$1,000 in merchandise will be given away at the Upper Peninsula State Fair in a program sponsored by labor unions. It has been announced by Kenton Olson, secretary-treasurer of the United Labor Council in Escanaba.

Member organizations of the United Labor Council are the A. F. L., the C. I. O. and the National Farmers' Union.

The basic feature of the giveaway program will be a tire in which will be stuck an enormous number of toothpicks. Persons coming to the union booth will guess the number of toothpicks.

When a person guesses, he won't have just one chance of winning, Olson explained he will have as many chances as there are prizes, possibly 20 to 25. The person whose guess is closest to the correct number of toothpicks will win first prize, the person whose guess is second closest will receive second prize, and so on.

The tire itself, which will not be

damaged by the toothpicks, Olson said, will be one of the prizes. There will be an extra guessing contest for boys and girls. Prizes will include bicycles.

Three baskets of groceries will be given away daily. Hams will also be given away daily.

The giveaway program has been made possible by the cooperation of local merchants who feature union-made products, and of international unions, Olson said. Local merchants are donating the prizes. The international unions are contributing many giveaway items such as matchbooks, etc.

Groceries will be contributed by a major grocery chain. The union booth will be over three times the size it was last year, Olson stated. It will be 39 feet long and 17 feet deep.

Plans for union participation in the fair have been going on since April, when the Escanaba Trades and Labor Council sent Olson to the Union Label Show in Minneapolis to get ideas.

Besides Olson, officers of the United Labor Council are James Doran, president; Dale Polkey, vice-president; and Eugene Derosier, recording secretary.

Ben Hogan Is Not Just Another Guy Who Plays Golf For Living

A lot of words have been written recently, and a lot more are going to be written, about a fellow named Ben Hogan, who plays golf for a living.

The reason for all the prose is that just this summer, at the not-so-tender age of 40, the jut-jawed little Texan emerged as probably the best man at his trade the world has ever seen. And by trade, we mean trade. Long ago golf, for Hogan, became more than just a game, which is why

he's so good at it.

Just how good he is was shown this month when he packed the tools of his trade—beautiful, precision-made instruments of shiny steel and leather and per-simmon wood—into a long, round leather bag and betook himself to Carnoustie, Scotland, to turn out a job of work before the critical eyes of the fathers of the game in one of the world's great competitions, the British Open.

In a manner brilliant, if it weren't so methodical, Hogan went to work and took famed old Carnoustie apart. Toiling in high wind, rain, and hail which make Carnoustie both famous and fearsome, Hogan not only won the British Open but he broke the tournament record for the course by eight strokes.

And he capped the whole thing off with a well-known Hogan finish. Gray-faced and shaken with influenza which nearly laid him low, he came from behind to shoot the last round in a blazing 68, which broke the competitive course record for 18 holes. Hogan's triumph at Carnoustie came after he had already won this year the other two top tournaments of golf, the U. S. Open and the Masters. And, as at Carnoustie, he set new records in both. It was the fourth time he'd won the U. S. Open, top tourney in golf.

Hogan got where he is by a single-minded devotion to his trade that is the mark of a champion in any line—doctor, die-maker, scientist or artist. As a result of amazing skills painfully acquired over the years, he has that extra something to put forth in the clutch which is the invariable quality of the champ.

Warming up for the U. S. Open at Oakmont, Pa., this summer, he hit three shots from each tee as he went around the course. The first he deliberately faded into the rough to the right of the fairway, the second he deliberately hooked into the rough at the left, and finally he laid one straight down the middle. Then he played all three and in so doing probably knew the course better than the greenskeeper did by the time the tournament started.

Without such preparation over the years, Hogan almost certainly would never have been able to come back after the automobile accident in 1949 which nearly killed him.

His injured legs still aren't what they should be and when he's tired he begins to walk heavily on his heels. But even then the little figure in the white cap and button sweater, with an odd-looking black cigarette holder clamped in his teeth, walks like a champ who knows his business so well he doesn't have to worry.

He doesn't have to worry about money anymore. He's made a pile of it. But he's a guy in love with his work, and he'll keep working at it. The Hogans of the world just don't turn out a shoddy product.

Questions and Answers

Q—Do all meteorites contain iron?

A—Yes.

Q—What is the origin of "Sanforized"?
A—The term, meaning "preshrunk," applies to a process invented by Sanford L. Cluett.

Q—What percentage of the United Nations budget is borne by Russia?
A—13.34 per cent.

Q—In what battle was poisoned gas first used?
A—In the Second Battle of Ypres on April 22, 1915.

Q—Has a day always consisted of 24 hours?
A—Not until late in the fourth century.

The Doctor Says . . . Nervous Breakdown Caused By Many Obscure Conditions

By EDWIN P. JORDAN, M. D. — Written for NEA Service

A long letter from a reader raises some interesting questions, and in starting this column I should like to quote from parts of it.

"Four and a half years ago I suffered a complete nervous breakdown and was paralyzed. Recovery was slow, and it has only been in the last four months that I can talk to people without the terrific strain I felt at first. I still hurt all over, and suffer from anxiety.

"Many of my neighbors think I don't get well because I don't have the fortitude and have been happily resting and trying to duck my responsibilities. Many people have gone through this experience and don't want sympathy, but understanding means so much and criticism is almost unbearable.

"Another thing—the doctors haven't told me when I can expect to be completely well. Don't they know for sure, or do they feel it best not to say?"

This letter, among other things, raises the question as to what is meant by "nervous breakdown." Actually, it is commonly used for a great many different conditions and does not apply to a single disease with a uniform set of symptoms or a single cause. In the letter quoted, it is impossible to tell just what the nature of the original nervous disorder was, but it is probably safe to answer the last question by saying that in all probability the doctors cannot tell exactly when the correspondent will be perfectly well, and are

not holding back on her for any other reason.

In some people who are labeled as having a nervous breakdown, the cause seems to be worry, nervous fatigue or distress and strain of modern living. The symptoms can be quite mild and recovery reasonably prompt. In others, a nervous breakdown is used to describe some serious mental disease with a big alteration in personality and a slow recovery.

Mental treatment (psychotherapy) administered by brain specialists, rest, physical therapy, including hot or cold baths, handwork, and shock treatments are often helpful and have brought thousands back to normal. Although much still has to be learned about causes, prevention, and treatment of the various kinds of mental diseases, progress is already far advanced and even better results will surely come.

MANY PEOPLE RECOVER
The fortunate thing is that many will recover and find themselves quite normal again. Lots of people who have gone away for a while with a nervous breakdown come back to their family and friends entirely restored to health.

Family, friends, and neighbors should always be careful not to criticize, particularly since the victim of one of these nervous disorders is likely to be extremely sensitive. They would not criticize someone who suffered a broken arm and the person with any kind of "nervous breakdown" is no more responsible for his or her condition than one with a visible disorder.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—GOP Senator Everett Dirksen of Illinois paused by the Senate desk of Margaret Chase Smith of Maine the other day and remarked:

"I don't like this a bit, Margaret. I don't like this a bit."

Mrs. Smith, the first Senate Republican to take a stand against McCarthyism three years ago, didn't have to ask why Dirksen was worried. She knew. Though a member of the McCarthy subcommittee, Dirksen had ducked out of the meeting on J. B. Matthews, the anti-Protestant. Yet he has to be elected in Illinois by downstate Baptist, Methodist and Lutheran votes.

Dirksen's worry is typical of other belated Republican concern over McCarthyism. Because for years the backbone of the Republican party was Protestant votes in New England and the Middle West.

As a result, GOP senators are even willing to take a closer look at other McCarthy committee agents—especially the two slapdash young men, Cohn and Schine, who zoomed across Europe last winter exuding drama and headlines at every stop.

Roy Cohn, who occupies the powerful position of committee counsel, is 26 years old, and got his first leg up the political ladder when U. S. attorney Orving Saypool, a Tammany product, made him one of his many assistants. Saypool wanted to be a New York state judge and knew that Roy Cohn's father, who holds such a position—thanks also to Tammany—could help him. He did. Saypool is now a judge.

Single, in good health, Cohn has never had to answer a draft call. He is a member of the New York National Guard and also has "important business" in Washington.

"VAUDEVILLE" PARTNER

David Schine, the other partner of the McCarthy so-called "vaudeville team," is a handsome, haughty 25-year-old kid with a dreamy look in his eye, who sometimes sleams Cohn around as if they were dormitory roommates.

Schine also managed to escape the draft, and for a time made motions of being an essential business executive. His father owns the Schine hotel chain, including the Roney Plaza in Miami, where Walter Winchell spends his winters; the Boca Raton, also in Florida, and the Ambassador in Los Angeles. His father also owns the Schine theatre chain, largest independent circuit, operating in New York and Pennsylvania.

Young Schine entered Harvard in the closing year of the war, 1945, managed to get a draft-exempt job in the Army Transport Service, thus escaping military duty. Later he became an executive of his father's Ambassador Hotel in Los Angeles, and when the Korean draft call got hot on his tail, he was classified as 1-A. However, he asked the draft board to authorize another physical examination in Governors Island, N. Y., where he was classified 4-F.

The doctors ruled that he had a "herniated disc L4-5 (left vertebrae Nos. 4 and 5) with schizoid personality."

Schizoid, according to Webster's dictionary, is a "type of psychosis characterized by loss of contact with the environment and by disintegration of the personality—which includes dementia praecox and some related forms of insanity."

This is the young man whom Senator McCarthy made "chief consultant" of his committee without salary, but with power of life or death over other people's reputations.

TICKLISH SUBJECT

Schine is delighted to discuss his career—except when you get near the touchy question of his military service. Then he becomes just as evasive as a McCarthy witness.

"Were you a merchant seaman or an army enlisted man?" Schine was asked, after he explained he had served in the Army Transport Service.

"No, I wasn't a merchant seaman," he replied.

"Were you in the army?"

"I had an army assimilated rank."

"What was your rank?"

"Army lieutenant."

"What kind of work did you do?"

"Customs, immigration, pay roll, personnel," he said

"I wish you wouldn't make this one of those personal stories. Roy Cohn is a much better story. As a matter of fact I was in the 'naval merchant reserve.'"

Schine said he then ran a radio station in Albany, N. Y.

"Is this owned by your father?" he was asked.

"I wouldn't say the company is owned by us. We are only stockholders."

Note—Schine got in his father's employes' hair to such an extent that they sent a written petition to Selective Service urging that he be drafted.

Into The Past

10 YEARS AGO

Escanaba—Webster school placed high among the schools of the city in a rope jumping contest. Joyce Vanierberghe and Elaine Cousineau both of Webster were outstanding participants.

Manistique—Five miles of repairs—from Deer street to Stony Cut Hill, were started on Highway M-94.

Gladstone—Staff Sgt. Frank Lucie, of Escanaba, was subject of an illustrated article published in "Illustrated," an English picture magazine.

20 YEARS AGO

Bakery operators of the Upper Peninsula will meet in Escanaba in annual session. E. J. Laverne is in charge of general arrangements.

Gladstone—Boone Howard, state trapper, has found a new way to catch wolves. He ropes them.

Several hundred persons are expected to gather at Peterson's Grove at Ford River to celebrate the pioneer history of that community.

"Who's Hungry?"

George Papanicolas Is Latest Big Party Giver In Washington

By PATTI SIMMONS

WASHINGTON—(NEA)—In the capital's battle of the buffet, Gwen Cafritz has been nosed out so far in snagging big-name Republicans by a guy named George Papanicolas.

Even Perle Mesta, the hostess with the mostest on the ball, will return to Washington to find she's already several parties behind this host with, maybe, the mostest in the bank.

The town's newest party-tosser is a portly gent given to splashy neckties, an immigrant lad who made good and at 45 has an apartment house and an office building to prove it.

Before January the name Papanicolas hadn't registered with most regulars among society page readers.

Then came his garden blow-out for Senator and Mrs. Robert A. Taft.

The host set up a 1000-foot driving range for golf fans on his recently finished half million dollar estate, a kind of Greek palace overlooking 50 rambling acres. A prize for the guest who hit the longest ball was only one touch.

Barbecued lambs cooked on electrically-operated spits and fancy dishes were served to social register guests. A French outfit handled the catering. A local public relations man delivered the guest list to the society editors.

And the big names came: Secretary of the Interior and Mrs. McKay, Mutual Security Director Stassen, Budget Director Dodge, Secretary of the Army Stevens, Secretary of the Senate Mark Trice, Speaker of the House Joe Martin, Emmet Hughes, Assistant to the President; a batch of legislators like Saltonstall, Beall, Hendrickson and Watkins were among the handshakers.

The first upper-bracket Republicans Papanicolas tried his hosting talents on, right after the inauguration, were the Postmaster General and Mrs. Summerfield. Now he's planning more star-studded Republican shindigs. Vice President Nixon, he hopes, will be honor guest at one; Speaker Martin at another.

Dark-haired Mrs. Papanicolas seems to be more interested in their four youngsters than in counting calling cards. Her husband is the person with the celebrity-collecting knack.

One reason, perhaps, is that lawyer Papanicolas has good reason to expect Republicans to jump at his invitations.

As National Director of the Greek American Division of the Republican National Committee he devoted fat sums of money and, from 1951 until Election Day, almost full time toward swinging the country's Greek-Americans to the Republican side.

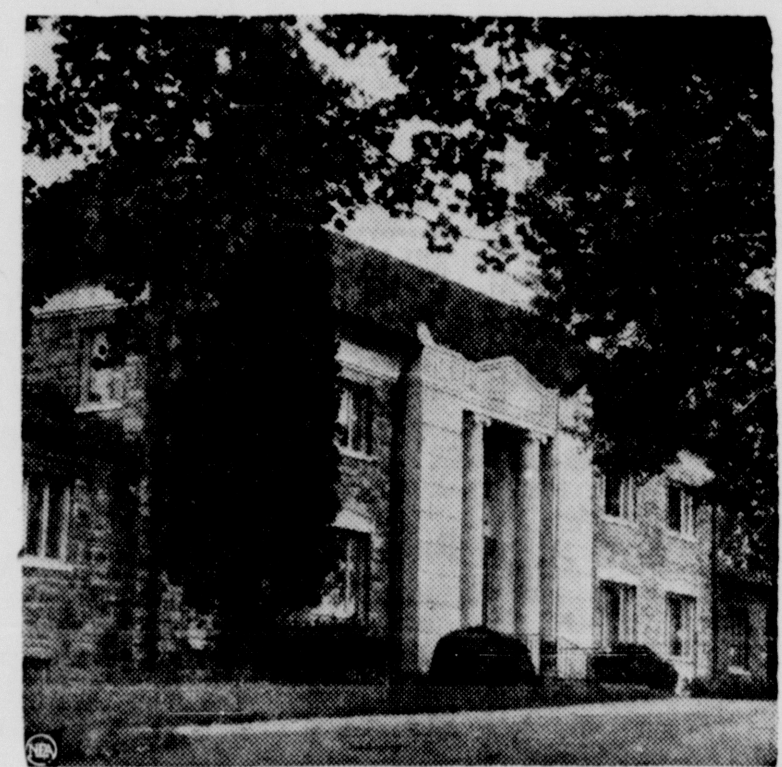

The genial host doesn't hesitate to voice an opinion that the work of the various ethnic groups within the Republican party is "What put the dent in the labor vote" for Ike. He also tackled projects like editing a brochure explaining "Why Ike and Nixon Are Best for Hellenes and Hellenism," and started a bi-monthly newspaper to push the cause.

Financing them, of course, was no problem. An estimated two million-worth of real estate holdings brings the party-giver a quarter of a million annually.

The Capital's newest party name, who began business running movie houses, really launch-

PAPANICOLAS AND GUESTS: Flanking the host with the splashy necktie are Senator Robert A. Taft (left) and Speaker of the House Joe Martin at a party in Taft's honor.

PAPANICOLAS' ESTATE: Inside are nearly a dozen bathrooms and a mural of the life of Alexander the Great.

ed himself in 1944 when he maneuvered with a capital of only \$5000 to purchase a building for \$63,000. Within a year the property was earning \$22,000 per year.

This same managerial ability Papanicolas injects into Republican party work.

Something else Papanicolas is proud of—the Golden Cross of Phoenix for philanthropic work in his homeland, bestowed on him by the King of Greece.

So They Say

Democrats have been accused of plowing under surplus pigs, but we never plowed under surplus farmers. — Democratic National Chairman Stephen Mitchell.

They are using him (Denmark's King) to sell automobiles and I am sure he doesn't know about it. I am going to ring him up and tell him. —James C. Petrillo, president of American Federation of Musicians.

I want to say especially for the Daily Worker that we do not "attack" clergymen, but we will expose them when it is necessary to do so. —Rep. Kit Klardy (R., Mich.) on investigating alleged Communism, infiltration of the clergy.

I think what is called McCarthyism is a wicked, immoral and un-American force — CIO President Walter Reuther.

Anyway, we saw Mrs. Truman before they (the guards) pushed us out. She was wearing a black dress and didn't look as old as we thought she would. —Teen-agers at a Columbus, O., hotel where ex-President and Mrs. Truman stayed.

I know American men help with the dishes and they like to talk to girls all the time. Swedish boys are nice, but they only like to talk to each other. — Ulla Sandkef, Sweden's entry in Miss Universe contest.

Good Evening . . .

(Peter Edson, NEA columnist, will substitute for Clint Dunathan who is on vacation.)

By PETER EDSON

WASHINGTON—(NEA)—The Greeks in Washington are all upset because the month's visit of their tall King Paul and cute Queen Frederika to the U. S. this fall is being scheduled to allow only one full day in the capital.

As the program now stands, the royal party will arrive in Washington late in the afternoon, giving them barely enough time to do the traditional laying of wreaths at the tomb of the unknown soldier and Mt. Vernon, before dinner. There have to be three dinners, which will take up three nights. The first is to be given by the President, and the second by the Secretary of State. The third is the return courtesy banquet given by the King and Queen, to their American hosts.

King Paul is a Navy man, so on the second day he wants to go to Annapolis. That leaves only the third day for crowding in all the official receptions, a Press Club luncheon, and the reception for all the people of Greek descent from miles around.

As everyone knows, a Greek festival that doesn't last longer than three days never really has a chance to get started.

BANKER SURPRISED

W. Randolph Burgess, former New York banker who is now Deputy Secretary of the Treasury, has discovered—somewhat to his amazement—that government employees put in longer hours than private-bank employees. He told about it the other day in a speech to the Rutgers University Graduate School.

"Government employees," said Mr. Burgess, "work an eight-hour day, and the banks work seven. My secretaries at the Treasury don't get overtime and usually stay until 6:30 or 7 o'clock."

GOOD HUNTING

Gen. Nathan F. Twining, the new Air Force chief of staff, had a narrow escape during the war. A bomber in which he was flying across the Pacific in 1943 was forced down at sea. The entire crew was given up for lost and the search officially ended.

But the search and rescue men of the 13th Air Force, which General Twining then commanded, refused to give up the hunt for their "Uncle Nate." And after five days and six nights they found him. The general had kept himself and his raft mates alive by bagging albatrosses with his .45.

EFFICIENT ANSWER

Roger Kyes, Deputy Secretary of Defense, was appearing before the House Committee on Government Expenditures, explaining plans for making the sprawling Pentagon more efficient. The chairman, Rep. Clare E. Hoffman of Michigan, scratched a note and passed it to Mr. Kyes. The note read:

"Experience shows that the more efficient a man gets in the Pentagon, the shorter is his term of office there."

Secretary Kyes handed the paper back with a postscript which read:

"That's all right with me."

JAPS-KOREANS DON'T MIX

The U. S. Army runs into some queer problems in training foreign officers. Typical was a near riot at one of the U. S. training bases when a party for South Korean and Japanese officers was arranged.

It was set up without either group being told the other was to be there. When they met, they refused to shake hands. Nothing but cold stares were exchanged, plus some angry mutterings.

When the commanding officer of the training base arrived, he nearly blew his stack. Having served in the Far East, he knew the deep enmity between the Japs and Koreans.

FIGURES DON'T LIE

Rep. Howard W. Smith (D., Va.) testifying before a Senate committee on the Hawaiian statehood bill, declared that the islands should not be admitted to the Union because if they were, every Hawaiian would then have a voice in the Senate equal to that of 17 Californians. It was quickly pointed out that the catch in the congressman's argument was that at the present time, under the same kind of figuring, every citizen of Nevada now has a voice in the Senate equal to that of 66 Californians.

ROB PETER—PAY PAUL

Postmaster General Arthur E. Summerfield isn't getting anywhere fast in his effort to wipe out Post Office Department operating deficits. Recently he got Interstate Commerce Commission authorization to increase parcel post rates by 36 per cent. U. S. railroads then asked ICC approval to increase their pay for hauling the mail by 45 per cent. If granted it will give the carriers an additional \$131 million a year, wiping out all but \$22 million of the gain.

UNCLE EF

If you've heard nothing but good of a man and wonder if there's anything to be said on the other side, just ask his wife's relatives.

Charter Revision: Provisions Regarding Officers And Personnel Of City Defined

Provisions regarding officers and personnel of the city are defined in the proposed new charter as prepared by the city charter provision. This section and several other sections will be studied at a public hearing scheduled for Tuesday, July 21 at 7:30 at the city hall.

The section of city officers and personnel follows:

GENERAL PROVISIONS REGARDING OFFICERS AND PERSONNEL OF THE CITY

Eligibility for Office and Employment in City

Section 5.1. No person shall hold any elective office of the city unless he has been a resident of the city for at least 3 years immediately prior to the last day for filing original petitions for such office or prior to the day of appointment to fill a vacancy and is also a qualified and registered elector of the city on such day and throughout his tenure of office.

The Municipal Judge shall, in addition, have the qualifications for that office prescribed in Section 16.3.

Each candidate for elective office shall file with his declaration of intention his affidavit that he possesses the qualifications for such office provided in this section.

In accordance with the requirements of Public Act 279 of 1909, no person shall be eligible for any elective or appointive city office who is in default to the city. The holding of office by any person who is in such default shall create a vacancy unless such default shall be eliminated within thirty days after written notice thereof by the Council or unless such person shall in good faith be contesting the liability for such default. The Council shall be the sole judge of the election and qualification of its own members.

Each member of a city board or commission shall have been a resident of the city for at least two years immediately prior to the day of his appointment and shall also be a qualified and registered elector of the city on such day and throughout his tenure of office.

All officers shall be citizens of the United States.

No elective officer may be appointed to any city office or be employed by the city during the term of office for which he was elected or for two years thereafter.

Declaring Vacancies in Elective Offices:

Section 5.2. Any elective city office shall be declared vacant by the Council before the expiration of the term of such office:

(a) For any reason specified by statute or by this charter as creating a vacancy in office; or

(b) If no person is elected to, or qualifies for, the office at the election at which such office should be filled; or

(c) If the officer shall be found guilty by a competent tribunal of any act constituting misconduct in office under the provisions of this charter; or

(d) If the officer is removed from office by the Council in accordance with the provision of Section 5.4.

Declaring Vacancies in Boards and Commissions:

Section 5.3. The office of any member of any board or commission (other than the City Council) shall be declared vacant by the Council before the expiration of the term of such office:

(a) For any reason specified by statute or by this charter as creating a vacancy in office; or

(b) If the officer shall be found guilty by a competent tribunal of any act constituting misconduct in office under the provisions of this charter; or

(c) If such officer shall miss three consecutive regular meetings of such board or commission or twenty-five per cent of such meetings in any fiscal year of the city, unless such absence shall be excused by such board or commission and the reason therefor entered in the proceedings at the time of each absence; provided, however, that such board or commission shall not have the power to excuse absences resulting from the performance of the duties of any state, county, or federal elective or appointive office; or

(d) If the officer is removed from office by the Council in accordance with the provisions of Section 5.4.

Removals from Office:

Section 5.4. Removals by the Council of elective officers or of members of boards or commissions shall be made for either of the following reasons: (a) for any reason specified by statute for removal of city officers by the Governor, or (b) for any act declared by this charter to constitute misconduct in office. Such removals by the Council shall be made only after hearing of which such officer has been given notice by the Clerk at least ten days in advance, either personally or by delivering the same at his last known place of residence. Such notice shall include a copy of the charges against such officer. The hearing shall

afford an opportunity to the officer, in person or by attorney, to be heard in his defense, to cross-examine witnesses and to present testimony. If such officer shall neglect to appear at such hearing and answer such charges, his failure to do so may be deemed cause for his removal. A majority vote of the members of the Council in office at the time, exclusive of any member whose removal may be under consideration, shall be required for any such removal.

Resignations:

Section 5.5. Resignations of elective officers and of members of boards and commissions shall be made in writing and filed with the Clerk and shall be acted upon by the Council at its next regular meeting following receipt thereof by the Clerk. Resignations of appointive officers shall be made in writing to the appointing officer or body and shall be acted upon immediately. A resignation shall create a vacancy in office.

Filling Vacancies in Appointive Offices:

Section 5.6. Vacancies in appointive offices shall be filled in the manner provided for making the original appointment. In the case of members of boards and commissions appointed for a definite term, such appointments shall be for the unexpired term.

Filling Vacancies in the Offices of Mayor and Councilmen:

Section 5.7. (a) Except as provided in the other paragraphs of this section, vacancies in the offices of Mayor and Councilmen shall, within thirty days, be filled for the unexpired term of the officer whose office has become vacant, by appointment by a majority vote of the members of the Council then in office of a person possessing the qualifications for the office. If a councilman be appointed as Mayor, such appointment shall not alter such appointee's term as a member of the Council but shall create a vacancy in the office of Councilman for the unexpired term of the former Mayor.

(b) If any vacancy in the office of Mayor or Councilman is not so filled within the said thirty days after such vacancy occurs, or if four or five simultaneous vacancies exist in the offices of Mayor and Councilmen, such vacancies shall be filled for the respective unexpired terms at a special election. Such special election shall be called by the Clerk within ten days after the occurrence of four or five simultaneous vacancies, or after the expiration of said thirty day period, as the case may be. The special election shall be held not less than forty days nor more than sixty days after the date on which it is called.

At such election if there are vacancies in the office of Councilmen for varying unexpired terms, candidates equal to the number of vacancies for the longer unexpired term receiving the highest number of votes shall be elected to fill such vacancies, and candidates equal to the number of vacancies for the shorter unexpired term receiving the next highest number of votes in order shall be elected to fill such vacancies.

(c) Notwithstanding the foregoing, no vacancy in the office of Councilmen shall be filled either by appointment or by special election if the term of office of the person whose office has become vacant expires within sixty days after the vacancy occurs.

(d) If four or five simultaneous vacancies exist in the offices of Mayor and Councilmen, and notwithstanding Section 5.7 (c), such vacancies shall be filled for the respective unexpired terms by appointment by the Circuit Judge of Delta County. In case he is unable to act or fails to so act within ten days after such simultaneous vacancies occur, any remaining appointments shall be made by the Governor of Michigan.

(e) The provisions of this section shall not apply to the filling of vacancies resulting from recall.

Filling Vacancies in the Office of Municipal Judge:

Section 5.8. (a) Vacancies in the office of Municipal Judge shall be filled by appointment by a majority vote of the members of the Council then in office of a person possessing the qualifications for the office for a term expiring on the Monday following the next regular city election.

(b) It is provided, however, that if, in 1934 or any sixth year thereafter, the vacancy occurs in the period beginning on the fiftieth day before the regular city primary election and ending on the day of the regular city election, it shall be so filled by appointment for a term expiring on the Monday following the regular city election in the second year following.

(c) It is further provided that if the vacancy occurs in the period beginning on the fiftieth day before the regular city primary election in 1936 and ending on December 31, 1937, or in the corresponding period beginning in any sixth year after 1936, it shall be so filled by appointment for the unexpired term.

(d) If an interim appointment is made under the provisions of paragraph (a) or (b) of this section, the vacancy shall be filled for the unexpired term at the election immediately preceding the expiration of the interim term.

No Change in Term of Office or Compensation:

Section 5.9. Except by procedures provided in this charter, the terms of office of the elective officers and of members of boards and commissions appointed for a definite term shall not be shortened. The term of elective officers shall not be extended beyond the period for which any such officer was elected except that an elective officer shall, after his term has expired, continue to hold office until his successor is elected or appointed and has qualified. Where several terms of Councilmen expire simultaneously, that Councilman who was elected by the highest number of votes (or any appointee who filled his position) shall be deemed to be succeeded by the candidate who received the highest number of votes, that Councilman who was elected by the second highest number of votes, by the candidate who received the second highest number of votes, etc.

The Council shall not grant or authorize extra compensation to any officer or employee after his service has been rendered. The salary of any elective officer shall not be increased or decreased from the day he is elected until the end of the term of office for which he was elected.

Oath of Office and Bond:

Section 5.10. Every officer, elective or appointive, before entering upon the duties of his office, shall take the oath of office prescribed for public officers by the Constitution and shall file the oath with the Clerk, together with any bond, required by statute, this charter or by the Council. In case of failure to comply with the provisions of this section within ten days from the date he is notified in writing of his election or appointment, such officer shall be deemed to have declined the office and such office shall thereupon become vacant unless the Council shall, by resolution, extend the time in which such officer may qualify.

Compensation of Employees and Officers:

Section 5.11. (a) The compensation of all employees and officers of the city whose compensation is not provided for herein shall be fixed by the City Manager within the limits of budget appropriations and in accordance with any plan adopted by the Council; and in accordance with the civil service provisions of this charter, and ordinances enacted thereunder.

(b) The respective salaries and compensation of officers and employees as fixed by, or pursuant to, this charter shall be in full for all official services of such officers or employees and shall be in lieu of all fees, commissions and other compensation receivable by such officers or employees for their services.

(c) Nothing contained in this section shall prohibit the payment of necessary bona fide expenses incurred for service in behalf of the city.

Surety Bonds:

Section 5.12. Except as otherwise provided in this charter, all officers of the city whose duties involve the custody of public property or the handling of public funds, either by way of receipt or disbursement or both, and all other officers and employees so required by the Council, shall, before they enter upon the duties of their respective offices, file with the city an official bond, in such form and amount as the Council shall direct and approve. Such official bond of every officer and employee shall be conditioned that he will faithfully perform the duties of his office, and will on demand deliver over to his successor in office, or other proper officer or agent of the city, all books, papers, moneys, effects and property belonging thereto, or appertaining to his office, which may be in his custody as an officer or employee; and such bonds may be further conditioned as the Council may prescribe. The official bond of every officer whose duty it may be to receive or pay out money, besides being conditioned as above required, shall be further conditioned that he will, on demand, pay over or account for to the city, or any proper officer or agent thereof, all moneys received by him as such officer or employee. The requirements of this paragraph may be met by the purchase of one or more appropriate blanket surety bonds covering all, or a group of, city employees and officers.

All official bonds shall be corporate surety bonds and the premiums thereon shall be paid by the city. The Clerk shall be custodian of all the bonds of all officers or employees, except that the Treasurer shall be custodian of any bonds pertaining solely to the Clerk.

Delivery of Office:

Section 5.13. Whenever any officer or employee shall cease to

hold such office or employment for any reason whatsoever, he shall within five days, or sooner on demand, deliver to his successor in office or to his superior all the books, papers, moneys and effects in his custody as such officer or employee. Any officer violating this provision may be proceeded against in the same manner as public officers generally for a like offense under statute.

Any employee found guilty of violating this provision by a competent tribunal may be punished by a fine of not to exceed five hundred dollars or imprisonment for not to exceed ninety days, or both, in the discretion of the court.

Financial Interest Prohibited:

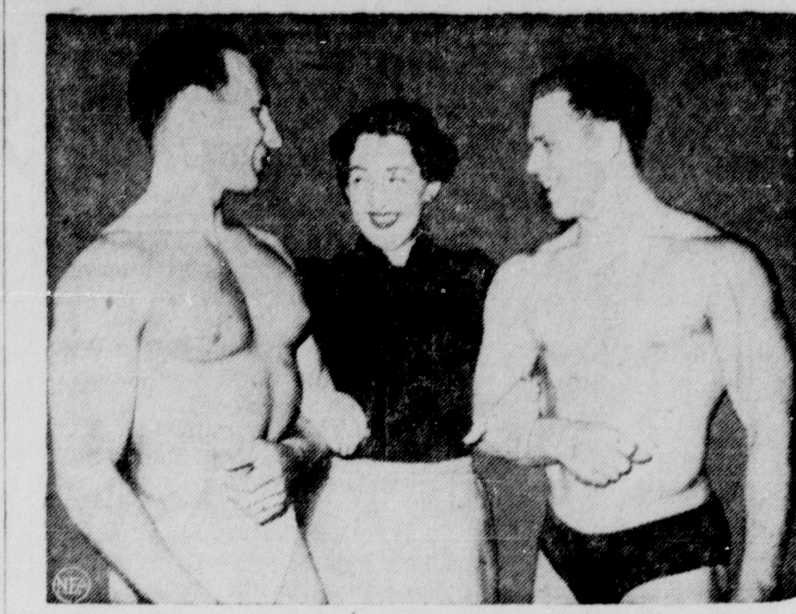

Section 5.14. (a) Except as permitted by this section no contract or purchase involving an amount in excess of two hundred dollars shall be made by the city in which any elective or appointive officer or any member of his family has any financial interest, direct or indirect, other than the common public interest. A "contract" shall for the purposes of this section include any arrangement or agreement pursuant to which any material, service or other thing of value is to be furnished to the city for a valuable consideration to be paid by the city, or is to be sold or transferred by the city except the furnishing of personal services as an officer or employee of the city; and the term "member of his family" shall include only spouse, child, grandchild, parent, grandparent, sister, brother, half-sister, half-brother and the spouse of any of them.

(b) The prohibitions of this section shall not apply to members of a city board or commission (other than the City Council) unless the contract or purchase is relative to the affairs of their respective board or commission.

(c) Without limiting the generality of paragraph (a) of this section, an officer shall be deemed to have a financial interest in a contract if he or any member of his family is an employee, partner, officer, director or sales representative of the person, firm or corporation with which such contract is made or of a sales representative of the person, firm or corporation. Ownership, individually or in a fiduciary capacity, by an officer or member of his family of securities, or of any beneficial interest in securities, of any corporation with which a contract is made or which is a sales representative of any person, firm or corporation with which such contract is made, shall not be deemed to create a financial interest in such contract unless the aggregate amount of such securities, or interest in such securities, so owned by such officer and the members of his family, shall amount to ten per cent of any class of the securities of such corporation then outstanding.

(d) A contract in which an officer or member of his family has a financial interest may be made by the city if the members of the council in office at the time having no such interest shall unanimously determine that the best interests of the city will be served by the making of such contract and if either such contract is made after comparative prices are obtained or if such members of the Council having no such interest shall unanimously determine that the obtaining of comparative prices is not feasible in such particular cases. Any Council member may evidence his participation in either determination required by this paragraph by vote at a Commission meeting or by written instrument filed with the Clerk.

(e) Any officer who knowingly permits the city to enter into a contract in which he has a financial interest without disclosing such interest to the Council prior to the action of the Council in authorizing such contract, shall be guilty of misconduct in office. Except in the instances specified in paragraph (b) of this section, the unanimous determination (by vote or written instrument) of all members of the Council that in a particular case an officer or member of his family will not have a financial interest in any contract to be entered into by the city shall

MEETING IN — Connie Lamb, of Battersea, England, looks properly pleased with her husky escorts. The mighty males are contestants in the National Amateur Body Builders' Association's international "Mister Universe" contest at the London Palladium. George Barbie, left, of San Jose, Calif., is with the U. S. Army in Germany. His partner is Wayne Griffin, of Pittsburgh, Pa., a weight-lifting expert.

Germfask

Mr. and Mrs. Hugh Crandall and son Robert of Marquette visited at the home of his cousins, Mrs. James Berry and Mrs. Alice Archey, before going to Manistique to see his aunts, Mrs. Eliza Sheppard and Mrs. Lulu Batway.

A/2c Arleen Nass of Griffith AFB near Rome, N. Y., arrived to spend a three weeks furlough at the home of her mother, Mrs. Erma Nass.

The Methodist Bible School opened Monday morning.

Mr. and Mrs. Layton Eners and sons Loren and Gary of Sanford, returned to their home after visiting at the home of Mr. and Mrs. John Lustla.

Mr. and Mrs. Noah Rushford are spending a few days at the home of Mrs. Rushford's parents, Mr. and Mrs. John Doran Sr.

Mrs. Dora Lawrence and Walter Burns were re-elected to the school board in Monday's election.

The Germfask and Seney Lions Club met at the Germfask Community Building Tuesday evening.

Mr. and Mrs. Theodore Williams of Ann Arbor and Mr. and Mrs. Herb Wernett of Remus called at

be final and conclusive in the absence of fraud or misrepresentation.

(f) No officer shall stand as surety on any bond to the city or give any bail for any other person which may be required by the charter or any ordinance of the city. Any officer of the city who violates the provisions of this paragraph shall be guilty of misconduct in office.

Anti-Nepotism:

Section 5.15. The following relatives and their spouses (a) of any elective official or of his spouse, or (b) of the City Manager or of his spouse are disqualified from holding any appointive city office or any city employment during the term for which said elective official was elected or during the tenure of office of the City Manager respectively: spouse, child, grandchild, parent, grandparent, brother, sister, half brother and half sister. All relationships shall include those arising from adoption. This section shall in no way disqualify such relatives or their spouses who are bona fide appointive officers or employees of the city at the time of the election of said official or appointment of said City Manager respectively.

Employe Welfare Benefits:

Section 5.16. The Council shall have the power to adopt and make available to the administrative officers and employees of the city and its departments and boards any recognized standard plan of group life, hospital, health or accident insurance.

Retirement System:

Section 5.17. For the purpose of providing retirement allowances for the employees of the city, the conditions of membership of the city in the State Municipal Employees' Retirement System created by Public Act 135 of 1945 shall in no way be altered by the taking of effect of this charter.

Upper Michigan Briefs

CRYSTAL FALLS — County of ficers hereafter will receive eight cents a mile for travel, an increase of one cent.

The board of supervisors meeting yesterday in Crystal Falls, adopted a resolution allowing more mileage to county officers. The matter came up after A. W. Otterbein, county agent, and James Myers, county 4-H leader, petitioned the board for more money for using their cars on official business.

IRON RIVER — A site for the new Drive-In theater to be established between Iron River and Crystal Falls by Delf Theaters, Inc., will be purchased soon, J. B. Schuyler, of Milwaukee, president and general manager, said here.

Several sites were inspected here by Schuyler and P. W. Jopling, of Chesterton, Md., formerly of Marquette, vice-president and controlling owner of the Delf enterprise.

NIAGARA — Modernization of the home economics department in the Niagara high school was approved by the 80 persons who on Monday night attended the annual school meeting, where Mrs. Elaine Canavera was elected to the school board to succeed Edward O'Donnell.

Twice voters rejected proposals, one calling for a special assessment of \$4,000 to start work on the home economics room and a second calling for the raising of \$12,000 to complete the project once it has been started.

The third proposal—offered by Philip Meyers, the village president — carried. He proposed that \$12,000 be allocated for the project, \$4,000 to be raised through an additional tax levy and \$8,000 borrowed from the bank on short term loans, as needed.

Pittsburgh Negro Taken For Soldier

BALTIMORE — The "Wright way" into the Army is the wrong way, a United States commissioner decided Wednesday as he ordered a 19-year-old Pittsburgh Negro held in \$1,000 bail on a charge of impersonating a soldier.

The Pittsburgh youth, Lumies J. Wright, memorized a soldier's name and serial number, and convinced military authorities he had missed an inductee train. He was taken to Ft. Meade, issued uniforms and supplied with bedding until the Army learned of the deception.

Harris High School Notice To Gas And Heating Dealers

The Board of Education of Bark River Harris School, Harris Mich. will accept bids on gas unit heating equipment and installation of same in the Harris High School Building located at Harris, Mich. Twelve rooms are to be heated and all work must be approved by the State Fire Marshal. Particulars may be had by contacting L. A. Richlen, Superintendent of Schools Harris, Mich. The board reserves the right to reject any or all bids.

Refreshment as the enchanted land it comes from

Sabre Jet Sets New Speed Mark

THERMAL, Calif. (AP)—An F86D Sabre jet and its veteran Air Force pilot have blazed to a new world's air speed record of 715.7 miles an hour. That's traveling one mile as you count to five.

Lt. Col. William F. Barnes, 32, sometimes reaching speed of more than 12 miles a minute in the nine-ton jet interceptor, eclipsed Thursday the record of 698.505 established only last November over the same three-kilometer (1.86-mile) course by Capt. J. Slade Nash.

Barnes flashed through two complete contest runs, each consisting of two trips in both directions along the straightaway course. Each of the eight trips was faster than Nash's record and the best was 721.364 when the wind was in the colonel's favor.

Barnes broke the record with an average of 713.6 on the first run. He changed planes and came back to re-establish the record a couple of miles per hour higher. Each run was at about 100 feet altitude.

The speed pilot said the weather for the runs was quite turbulent. "We didn't have the optimum conditions today," he commented. "The temperature was right (over 100 degrees), but I think the turbulence and wind cut the speed down."

Perkins

Church Schedule

PERKINS—Confessions will be heard at Sacred Heart Church at Rock Saturday from 3 to 4 p. m. and Sunday mass will begin at 7 a. m.

Confessions at St. Joseph's Church at Perkins will be at 4:15 to 5 p. m. and from 7 to 8:30 p. m. Mass will be at 8 and 10 a. m. Sunday, Rev. Charles Daniel pastor, announces.

Officers Elected

At the school board meeting of Baldwin township, new officers were elected. They are Gerard Vandamme, president; Emil Norden, secretary; Carl Branstrom, treasurer; and trustees, Joseph Decker and Louis Pamperin.

Lions Meeting

The Lions club members and their ladies will have a party at the Lions club house Tuesday evening, July 21. A film on the 1952 World Series will be shown. Gus Kline Jr., William De Keyser Sr., Jerry Depuydt and Lawrence LaChance are in charge of the luncheon committee.

Briefs

Charles Porath left for Ann Arbor where he will undergo a major operation at the University hospital. He was accompanied by a nurse.

Recent visitors at the home of Mr. and Mrs. Louis Miron were Mrs. George Miron and daughter, Mrs. Ed Sharkey of Munising and Mrs. Louis Miron and two daughters of Detroit.

Mrs. Delbert Johnson and infant son, Larry Dean, were dismissed from St. Francis Hospital at Escanaba, and they have returned to their home at Brampton.

Mr. and Mrs. Levi Lavargne, Mrs. Eva LaCasse and Mrs. Charles LaFave returned to their home today at Detroit, following several weeks visiting with relatives here and in Trenary.

Norbert and Ronald Deloria, Dean LaLande, David Rackenbrush left Wednesday morning by truck for Egg Harbor, Wis. where they will be employed picking cherries.

Miss Norine Kinnart returned from Iron River where she visited relatives.

Miss Isabella Hall and her brother, Mann Hall of Minneapolis, formerly of Perkins, are visiting at the William Hall home and with other relatives here.

Visitors this week at the home of Mr. and Mrs. Andy Bannister are Mr. and Mrs. Larry Edwards and daughter, Carolyn, and Mr. and Mrs. Curtis Bannister of Detroit.

Visiting at the William De Keyser Sr. home are Mr. and Mrs. Victor Zimmerman and two sons of Ripon, Wis., and Mrs. Joe Bergner and children of Green Bay.

Miss Estella Christensen of Escanaba, Kenneth Depuydt of Watersmeet, Mich., Mr. and Mrs. Leo Godin, Mr. and Mrs. Henry Gustafson and Mr. and Mrs. Clayton Norden of Perkins were visitors at the Gus Kline Jr. cabin at Garth Shores Sunday.

Mrs. G. J. Depuydt is spending the week with her husband, who is presently employed at Watersmeet.

Careless General's Conviction Upheld; Moscow Got Diary

WASHINGTON (AP)—The U. S. Court of Military Appeals today upheld the court martial conviction of Maj. Gen. Robert W. Grow, whose diary fell into Russian hands and provided propaganda for Moscow.

Grow was sentenced to be reprimanded and suspended from command of troops for six months. He actually was taken from troop command, having been assigned to the Army's historical office in Washington last August, a month after his court martial conviction.

The Court of Military Appeals reviewed the case under a provision

AT CENTENNIAL—Mrs. Eric Froberg, Escanaba, a direct descendant of Oshkosh's first white settler, played a leading role in that city's recent centennial celebration. She is shown here with Nils J. Behncke, Oshkosh Public Museum director, as they study historical material pertaining to Mrs. Froberg's great-grandfather, Webster Stanley. (Photo Courtesy Oshkosh Northwestern)

Escanaban Has Major Role In Centennial

Mrs. Erick Froberg, 1021 First Ave. S., a great granddaughter and one of seven direct descendants of Webster Stanley, first white settler of Oshkosh, recently traveled to Oshkosh where she helped that city climax its centennial celebration.

It was Mrs. Froberg's first visit to Oshkosh, and she declared that she was "very thrilled to be here. Oshkosh is a beautiful city," she exclaimed after touring the many points of interest.

Pontiac Robber Caught With Guns And \$32,000 Cash

(Continued From Page One)

The robber held up the Auburn Heights branch bank shortly before closing time Tuesday, then vanished in a stolen station wagon.

Police found the abandoned station wagon and clothes believed those worn by the robber.

At that point the trail cooled, but it warmed up yesterday on a secret "tip" that led the FBI to Mock's home in Pontiac.

Mock telephoned his home from downtown Detroit as agents were talking to Mrs. Mock. His flight to the Willow Run Airport followed, barely ahead of his pursuers.

On a hotel porter's report agents also went to Briggs Stadium, searching among the crowd of several thousand spectators.

The porter reported a man answering Mock's description had inquired about the ball game. This proved a dud, however.

Brings Home \$6,000

Mrs. Mock told agents her husband brought home \$6,000 Tuesday night, saying he had earned it in an "oil deal."

Police said Mrs. Mock, an office worker at General Motors Truck and Coach division at Pontiac, appeared astonished when told her husband was suspected as the bank robber.

She said she was an excellent husband although he had the fault of being a free spender. He worried, she said, about being able to pay his bills.

Arresting officers at New York said Mock answered only "I needed the money" when asked why he held up the bank.

The Mocks have been married five years. They have no children.

Keeps Up His Nerve

CHICAGO (AP)—George Singer, 50, a window washer, appeared in auto safety court Thursday on a drunken driving charge but his case was continued to July 22 because, Judge Joseph S. Geary said, Singer was intoxicated. Singer told the court he had to drink to keep up his nerve while washing windows 44 floors above the street.

Debbie Saves \$13,900

LOS ANGELES (AP)—Debbie Reynolds has collected the \$13,900 in government bonds which she saved from the time she signed her first movie contract in 1948.

The bonds were turned over to the actress Thursday in Superior Court because she has reached the age of 21.

Week End At Cabin

WASHINGTON (AP)—The President and Mrs. Eisenhower plan to leave today for Camp David, their cabin retreat in Maryland's Catoctin Mountains, and return late Sunday.

sion of law requiring review in all cases in which the sentence affects a general officer.

Upper Michigan Briefs

NEGAUNEE—Two noted Catholic prelates are visiting this week in Ishpeming and Negaunee, as guests at the Rt. Rev. Msgr. Joseph L. Zryd, vicar-general of the Marquette Diocese and pastor of St. Paul's church.

The visiting prelates are: The Rt. Rev. Msgr. Don Aurelio Fiorani, protonotary apostolic to the Holy Father and canonico of the Patriarchal Basilica of St. John Lateran, the Cathedral of Pope Pius XII, in Rome.

The Most Rev. Hubert Noots, Abbot General of the Praemonstratensians Order, popularly known as the "White Fathers." Abbot Noots, also from Rome, is making a visitation of the houses of his order in the United States and Canada.

Both prelates are friends of Msgr. Zryd's days as a student in Rome.

IRON RIVER—Stambaugh and Iron River city officials decided Wednesday to call for bids on the proposed joint sewage disposal plant.

The bids will be opened early in the fall and construction is expected to be started next spring. The cost of the joint treatment plant is estimated at about \$305,000, according to plans and specifications prepared by a Chicago engineering firm.

MARINETTE—Between 250 and 300 visitors are expected in the Twin Cities over the weekend for the annual summer convention of the Wisconsin - Upper Michigan Florists Association which will be held Sunday through Tuesday. Business sessions will be held in Hotel Marinette, but activities for the florists and their wives are planned in both cities. Meeting with the florists will be the Wisconsin Green Aphid Society.

MARINETTE—A four-way damage suit for a total of \$112,000 was being heard in Marinette circuit court today by a jury of eight men and four women. The suit evolved from an automobile accident on US-41 two miles north of Wausaukee on July 3, 1952.

Thaddeus E. Sopkowitz and the All State Insurance Company are defendants in four suits. Plaintiffs are: Pacific National Fire Insurance Company, \$11,172; John and Agnes Harnick, \$60,000; Gerald Schroeder, \$50,000; and Viola Schroeder, \$1,000.

MENOMINEE—A truck load of beer was scattered over part of a road construction project on US-141 a mile north of Amberg at 9 a. m. Thursday when a tractor and semi-trailer owned by the Peter Fox Company of Chicago, overturned while making a turnoff on a road construction job. No one was injured but the truck and contents were extensively damaged.

MARINETTE—Robert C. Hood, president of Ansul Chemical Company, was named president of the Marinette Chamber of Commerce today. He was elected at a meeting of the Chamber board in Hotel Marinette.

Head of the Chemical Company since 1949, Hood was Chamber vice-president during the past fiscal year. He is a Marinette native, a Coast Guard officer in World War II, and a director of the First National bank.

Oklahoma City Gunmen Sneak Up On Starlings

OKLAHOMA CITY (AP)—Dark figures, armed with shotguns, crouched in the shadows. Suddenly they arose as a man and cut loose with a withering barrage. The battle lasted until the wee hours morning.

It was just another desperate attempt by city fathers to rid the civic center of starlings, which mess things up by roosting around City Hall by the thousands.

Wall Street

NEW YORK (AP)—A quietly higher movement in the stock market today matched the dull actions of the past two sessions.

Gains going to around a point were the best that could be mustered. Losses seldom got out of the small fractional range.

Volume hit a pace that was headed for something of a record for smallness. Thursday's total of 790,000 shares was the lowest of the past year. Today trading was at an even slower rate.

Railroads did well on the upside, and the steels were favored by buying in a moderate way. Otherwise the market generally held steady.

Higher stocks included U. S. Steel, Republic Steel, General Motors, Consolidated Natural Gas, Southern Railway, Southern Pacific, New Haven Railroad, Sinclair Oil, Du Pont, Dow Chemical, United Aircraft, and Amerasia Petroleum.

A little lower were such issues as Goodrich, McIntyre-Porcupine, Westinghouse Electric, Atlantic Coast Line, and U. S. Gypsum.

U. S. government bonds were higher.

100 Youngsters in Costume Parade At Royce Park

Approximately 100 youngsters in costume participated yesterday afternoon at Royce Park in a parade and a judging contest which began at 2 p. m. The children passed the reviewing stand of judges during the parade.

Judges for the contest were Mrs. Ed Peterson, Mrs. Elmer Champlin and Mrs. Ray LaPorte. Mrs. Bertha LaChapelle, playground director, was in charge of the afternoon's program.

Costumes judged best in each group were:

Most beautiful—Donna Doucette, 1st; Karen Petersen, 2nd, and Jean Anderson, 3rd.

Most unusual—Trina Doucette, 1st; Carol Mayville, 2nd, and Ray Belanger, 3rd.

Most authentic—Judy Peterson, 1st; Peggy Grenier, 2nd; and Jackie Peterson, 3rd.

Costumes which children made themselves—Nancy LaPorte, 1st; Susan Vanlerberghe, 2nd, and Jimmy Peterson and Jill Krogdahl, 3rd.

Best couple—Sharon Kamrath of Flint and Jeanne Hansen.

Most humorous—Connie Forvilly, 1st; John Wellman, 2nd, and Freddie Stoakes, 3rd.

Family which had the largest number of children which participated—the William Butler family, 428 S. 17th St. Sally, Mary, Frances, John, Patricia, Barbara and Virginia Butler all took part.

Most colorful—Leslie Sue Smith, 1st; Angela Kulik, 2nd, and John Schultz, 3rd.

Smallest children—Virginia Butler, 1½, and Emily Jean Olsen, 2.

Mrs. Louis Bizeau, Gladstone Resident, Dies This Morning

Mrs. Louis A. Bizeau, 612 N. 9th St., Gladstone, died this morning at 9:10 at St. Francis Hospital. She was 61.

Mrs. Bizeau was born Viola Clark in Twin Lakes Sept. 12, 1891. She lived in Gladstone a long period of time. By faith she was a Methodist.

Surviving are her husband, seven sons, and a daughter. The children are Louis Jr., Leonard, and Tom, of Gladstone; Lyle, Glenn and Bobby, at home; Orville, serving in the U. S. Navy at Grose Isle; and Vivian, Milwaukee.

Four brothers also survive: Jerry Clark, Gladstone; and Vernon, Glenn, and Charles Clark, all of Flint.

The body has been taken to Kelley Funeral Home, Gladstone. Arrangements are not yet complete.

Ceramic tiles were used in 16th century Spain not only for floors and walls, but for ceilings of homes, to aid in keeping rooms cool.

Chicago Prices

CHICAGO BUTTER—Butter, steady; receipts 1,423,836; wholesale buying prices unchanged; 93 score AA, 65; 92 A, 64.75; 90 B, 62; 89 C, 57.5; cars: 90 B, 65; 89 C, 58.

Soviet Engineer Given New Job

MOSCOW (AP)—The Soviet government announced today that Vyacheslav A. Malyshev, replaced recently as head of Russia's heavy machinery industry has been appointed top man in a newly created ministry of medium machinery.

It was announced three days ago that Malyshev had been relieved of one of the 10 most important posts in the Soviet Union, that of minister of transport machinery and heavy machine building.

Malyshev was a wartime lieutenant general and through the war years headed the tank industry. As head of the Ministry of Shipping after the war, he was responsible for building up the Soviet Navy.

Today's decree indicated the new ministry of medium machinery would be an important one but gave no details.

The government also announced that its production goals for the first half of 1953 had been fulfilled "by 100 per cent" and claimed gains over the previous year.

It was the first economic progress report issued by Premier Georgi Malenkov's government.

Mrs. Edith Butler, Former Resident of Gladstone, Dies

GLADSTONE—Mrs. Edith Butler, 79, widow of Clinton Butler, and a former resident of Gladstone, died Thursday at the home of her daughter, Mrs. Carl Peterson in Chicago, with whom she had been making her home.

She lived in Gladstone 30 years and left there in the early 20's.

Surviving are one son, Ben Butler of Gladstone, two daughters, Mrs. Peterson and Mrs. Richard (Dora) Morency of Laona, Wis., two sisters, Mrs. William Portlance of Minneapolis and Mrs. Inez Peterson of Oconto; and two brothers, William Wittkoff of Escanaba and Charles Wittkoff of Oconto.

Funeral services will be held Monday at 2 p. m. at a funeral home at 1407 W. Chicago Ave., in Chicago. Ben Butler is leaving Saturday morning to attend the rites.

Central District, Order of Runeberg, Picnic Here Sunday

The Central District, Order of Runeberg, will hold its annual picnic at Pioneer Trail Park Sunday, July 19, with an estimated attendance of over 300 members and their families.

The outing is held each year in a different city in which the lodge is active in Michigan, Wisconsin, Minnesota and Illinois.

A reception for members arriving early in the weekend will be held Saturday night at Unity Hall. A program will be given followed by lunch and dancing to orchestra music.

The public is invited. There is no admission fee.

Social-Club

Ford River Club Meets

The Ford River Extension Club met Wednesday at the home of Mrs. Michael Kintzger, "Many Pines", Ford River Road. Dessert was followed by textile painting. At the business meeting plans were made for the annual picnic which will be held at the home of Mrs. Leona Groos Wednesday, July 29.

Birthday Party
Diane Lynn Shornin, 3-year-old daughter of Mr. and Mrs. George Shornin, 1620 8th Ave. S., was guest of honor at a birthday party in Ludington Park Thursday afternoon. Diane was three Sunday, July 12.

Games were played and lunch was served. Decorations were in blue and red and a cake centered the luncheon table.

Favors were given Diane's guests, who were Laurie and Rickey Kuchenberg, Al Gossan Jr., Sherry, Christine and Don Biehler, Kenny and Mary Lucas, Michael and Scott Anderson, Mary Beth and Shireen Haynes and Kathy Murray.

Also attending the party were Mesdames Michael Kuchenberg, Alfred Gossan, Donald Biehler, Kenneth Lucas, James Anderson and Allan Hynes.

Church Events

Special Vote at Bethany
A special vote will be taken at Bethany Lutheran Church Sunday, July 19, to authorize the trustees to install a new steam boiler.

Stonington Aid Meeting
The Ladies' Aid of Bethel Lutheran Church at Stonington will meet Tuesday, July 21, at 8 p. m. at the church. Members and friends are invited. Hostesses are Mrs. Iver Granskog and Mrs. Fritz Bjurman.

When you are boiling fresh whole beets, leave an inch or two of their tops and roots on the beets to prevent "bleeding" during the cooking.

Jeanne Hirn At Mexico City College For Summer Months

MEXICO CITY (Special to the Escanaba Daily Press)—Jeanne T. Hirn, daughter of Dr. and Mrs. Fred Hirn of 415 S. 10th St. is summing in the popular vacation land of colorful Mexico and at the same time studying at Mexico City College, an American college in Mexico's ultra-modern capital city which is set against a background of 400-year-old Spanish cathedrals and thousand-year-old Aztec pyramids.

Students do not have to know a word of Spanish to enroll at Mexico City College as 95 per cent of the classes are taught in English. Most students, however, take Spanish as one of their courses and find they learn the language rapidly by practicing it in Mexican homes where they live, at restaurants, and in stores. They discover that any foreign language is a "dead language" unless it is used in every day life.

Organized Trips
Besides their formal classroom lectures, students at MCC are increasing their knowledge of Mexico by going on trips organized by the college at nominal cost. They see the Pyramid of the Sun and the feathered serpents carved in stone at the Temple of Quetzacoatl at Teotihuacan. They go to Xochimilco, the "Venice of the Americas" where in flower-decked boats they float down canals where orchids can be purchased for a few cents. In the metro-

polis of Mexico City, with its hurried stream of traffic, students go to out-of-the-way places where native craftsmen still mould pottery as the Toltecs did well over ten centuries ago.

Founded 13 years ago, the school is private, non-profit, non-sectarian, and offers the B. A., B.F.A., M. A. and M.F.A. degrees and a two-year course leading to the Certificate in Foreign Trade. Its students are cementing relations between Mexico and the United States, exchanging ideas in the classroom, on campus, in college-approved boarding houses and at social events attended by the more than 1,000 Mexican students studying English at the college. As an extra-territorial member of the Teachers' Association of Colleges its students participate in competitive scholastic and sports events with other members of the association.

Teacher's Workshop
Miss Hirn was graduated from St. Joseph High School in Escanaba and received her B. S. degree at Bowling Green State College in Bowling Green, O. She later attended Northern Michigan College of Education in Marquette. She was a teacher before coming to Mexico City College where she is taking education courses at the Teachers' Workshop held every summer at MCC which gives North American educators, especially those planning to teach Spanish, Latin American subjects, or students with Latin background, an unparalleled opportunity to improve their professional effectiveness.

Although prices are spiraling, MCC students find it is easier to keep up with the rising cost of living in Mexico than in the United States. Because a dollar is worth a little over 8 pesos, students can board and room in a college-approved Mexican home for about \$10 a week. Single men or married students may, if they prefer, rent a furnished apartment for from \$35 to \$50 a month and hire a cook for \$12. Good cigarettes are less than a dime. A taxicab ride down town costs 35 cents and a first-class bus fare is three and a half cents.

Garden

Donkey Baseball
GARDEN — Sports enthusiasts who enjoyed the Donkey basketball game which was played in the Garden Community Hall last winter will be pleased to note that Ralph Gadsby and his donkeys will again return to Garden. This time the game will be baseball.

The event is again under the sponsorship of the Garden Lions Club and will take place July 24. Tickets will go on sale this week.

Briefs
Mike LaTulip is a patient at St. Francis Hospital at Escanaba.

Mr. and Mrs. Dennis Guoin of Manistowic were guests of Mrs. Leona Morin over the weekend.

Mr. and Mrs. Frank Fizzet of Manistowic were weekend guests of Mrs. Leona Morin.

William LaTulip of Manistowic spent several days at the home of his brother and sister-in-law, Mr. and Mrs. Mike LaTulip.

Mr. and Mrs. Norbert Tatrow of Sault Ste. Marie spent the weekend at their home at Garden.

Mr. and Mrs. Erwin Thennes of Gladstone spent the weekend at Garden at the homes of their parents, the Nick Thennes and James Tatrows.

Straw Cloth, Braid Among Styles

Each summer, there are lively new developments in the styling of casual rubber-soled footwear. Here, we show (upper left) a sandal with poodle loop weave braid upper and high wedge heel. The Capri shell (upper center) is in cotton gabardine with cross straps and instep straps of smooth weave lastex. Straw cloth espadrille (upper right) is washable, comes in natural. Indoor-outdoor shoes (lower left) are for gardening, housework and hiking. They have oxford cloth uppers with nylon mesh vamp. Sole is lightweight, thick cork-and-rubber. Simple ballet tie (lower-center) comes in clear, sunny colors for contrast or matching. It's shown here in turquoise. Dandy stripe (lower right) is in cool cotton braid, comes in colors as well as white. All styles will keep their good looks and freshness with ordinary soap and water care.—By Gail Dugas, NEA Woman's Editor

Personals

Miss Anna Mae Loveland, who has been here for a brief vacation visit with her parents, Mr. and Mrs. B. B. Loveland, 315 2nd Ave. S., left yesterday for Peoria, Ill., where she is employed for the summer. Appointee Confirmed
WASHINGTON (AP)—The Senate today confirmed Carl Raymond Arnold, of Hilliards, Ohio, to be governor of the Farm Credit Administration.

Canvass Shows
Vote Unchanged

Canvass of the vote cast in the school election last Monday was made Thursday afternoon and the official totals were unchanged from the unofficial returns announced earlier.
The official returns show LeRoy Hamilton defeating Archie D. Harris, incumbent, 211 to 199.
The canvass was made by the school board sitting as a committee of the whole and certification of Hamilton's election also was made by the body.
Reorganization of the board was not conducted because of a lack of full membership at the meeting. Election of officers is now tentatively set for Monday evening.

Bible School Has
Closing Exercises

The Daily Vacation Bible school which was conducted this week by the First Baptist church will close this evening at 7:30 with graduation exercises. Parents, neighbors and friends of the boys and girls are invited to attend the event.
Each class will have a part in the program. There will be special music and recitations will also be included. Handicraft and other projects of the children will be displayed.
The enrollment this year was over 100 children.

The Bible school was directed by Kenneth Rood and he was assisted by Herbert Skoglund, Clifford Anderson and Richard Andrea.
Teachers were Mrs. Otto Goodman, Mrs. Vernon Slagstad, Miss Lottie Goodman, Mrs. Adolph Miller, Miss Marian Day, Mrs. Kenneth Samuelson and Pastor Samuelson.
All may attend the exercises tonight.

Miss Dorothy Mae Roberts, daughter of Mr. and Mrs. Howard Roberts, Sault Ste. Marie, Mich., became the bride of Lawrence Eugene Esler, son of Eugene Esler and the late Mrs. Esler, Gladstone, at a candlelight ceremony June 27 at the First Presbyterian church. The double ring ceremony was performed at 7:30 p. m. by the Rev. David P. McLean, pastor.

The traditional wedding marches were played by Mrs. Joseph Dieke, organist, and accompanist for Royal Adams who sang, "The Lord's Prayer" and "O Perfect Love."

The bride, given in marriage by her father, chose a bridal gown of slipper satin and chantilly lace. The gown was designed with a chantilly lace bodice, peter pan collar and long fitted sleeves. The slipper satin skirt extended into a long train. Her veil of illusion edged with lace was attached to a headpiece of pleated net forming a half hat with lily of the valley on each side. She carried a colonial bouquet of white carnations, sweetpeas and red roses. Her only jewelry was a pair of tiny pearl earrings which belonged to the groom's mother and a double strand of matching pearls.

Mrs. Donald Lawrence, matron of honor wore a pale blue floor length gown of lace over taffeta and the bridesmaid, Miss Betty Teets, Milwaukee, wore a pale yellow taffeta over lace. They carried bouquets of carnations and sweetpeas to offset the color of their gowns.

The bride's brother Charles was best man. Ushers were Donald Tardiff and Melford Young, Gladstone and John Smith, Sault Ste. Marie.

The bride's mother wore a navy blue chantilly lace dress over taffeta with a sweetheart neckline and white accessories. Pink roses formed her corsage. The bridegroom's aunt, Mrs. Yens Peterson, Gladstone, wore a pink dress and navy blue accessories and a corsage of pink roses.

Water Pumping
Load at Peak

Extremely heavy pumping loads have been placed on the Water Plant here during the past nine days.

Loads varied from 1,400,000 gallons on July 7 to almost 4,000,000 gallons on July 15.

This necessitated operation of all three pumps at the water plant in order to maintain a satisfactory level in the storage tank on the bluff for fire protection.

Other daily pumping totals in the past week were as follows: July 8, 1,530,000 gallons; July 9—1,722,000 gallons; July 10—1,829,000 gallons; July 11—2,515,000; July 12—3,460,000 gallons; July 13—1,385,000 gallons and July 14—2,047,000 gallons.

From the size of the daily load city utility officials gain belief that there are many in Gladstone unaware of the daily restrictions on usage of water for gardens or lawns.

Sprinkling or any other usage of water on gardens and lawns is allowed only from 6 to 10 mornings and 5 to 9 evenings.

Strict enforcement of the restricted schedule is to be made.

Playground Ball
Loop Standings

Playground ball league standings for past week are announced by Recreation Director Don Pfothner. They follow:

Jr. Midget	W.	L.

A-1/C Henry DeMay, who has been stationed at Lake Charles, La., is spending a leave visiting with his parents, Mr. and Mrs. Felix DeMay. He will leave July 23 for his new base at Randolph Field, Tex.

Mr. and Mrs. John Gnat and Mrs. Walter Hebert left last night for Oshkosh, Wis., where they will visit over the weekend with Mr. Hebert who is employed there.

Mrs. Mabyn McKinney and daughter, Glenda, and Miss Harriet Ingram, Milwaukee; Patrick Sheehan, Chicago, and Mr. and Mrs. Charles Frasier and daughter, Vivian, Nelson, British Columbia, are guests at the home of Mr. and Mrs. Wesley Heslip, 104 S. 16th St.

Miss Lennie Vrankin and Mary Quinn have returned to Chicago following a two weeks' vacation visit with Mr. and Mrs. Jerry Neidermier and family.

Mr. and Mrs. Frank Hull, Black Hills, Deadwood, S. Dak., are visiting this week at the home of Mr. and Mrs. Herman Kinnie.

Mrs. Lowell Girard was dismissed from St. Francis Hospital where she recently underwent surgery and is convalescing at her home.

Miss Margaret Covell is returning to Waukegan Sunday where

she is employed at the Victor Memorial Hospital. She has been visiting with her parents the past 10 days.

Miss Margaret Kinmond has arrived from Cadillac to spend the remainder of the summer at the home of her parents, Dr. and Mrs. A. H. Kinmond.

Muddled By Snuff

ASHEVILLE, N. C. (AP)—A slip between the dip and the lip caused an automobile accident and \$125 in damages Tuesday, police reported.

Raymond Rice, 22 told City Patrolman Harry Godwin he was taking a pinch of snuff when the wind blew some of it in his face, causing him to lose control of his car on a street here. Rice's car hit a parked auto, damaging both cars.

CARD OF THANKS

We wish to take this means of expressing our sincere appreciation of the wonderful acts of kindness shown us by neighbors, friends and relatives at the time of the death of our beloved wife and mother. Especially do we wish to thank those who sent flowers, those who donated the use of their cars, those who served as pallbearers and all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Labor Scarcity Reported Here

An exceedingly small supply of labor is currently available in the Manistique area, in direct contrast to conditions prevailing in July, 1952, when an estimated 275 persons were unemployed here, it is revealed by Whitney R. Dixon, manager of the Escanaba office of the Michigan Employment Security Commission.

Local explanation for scarcity of workers is the large number of families who have moved from Manistique since closing of the Michigan Dimension Company plant a year ago.

As of July 15, only 75 individuals were estimated as being unemployed in Schoolcraft County, Dixon reported. Of this 75, only 32 were registered for work with the commission. A substantial number of those registered for work were females, according to Dixon.

Normal unemployment in a community runs around three percent, according to national figures. Manistique at present has less than two percent of its labor force unemployed, considered an extremely low figure.

The commission, according to Dixon, is having a difficult time securing workers for the jobs open in the Manistique area. At present there is a demand for construction workers on the pipe line and jobs are still open for unemployed individuals interested in this type of work.

Any unemployed worker interested in securing construction labor or other types of work is urged by Dixon to register at once with the Employment Security Commission which conducts its itinerant service to the Manistique area from 10:30 to 1 p. m. every Thursday at Hotel Ossa.

Heights Man Pleads Not Guilty On Beer Charge Yesterday

Alfred Swanson, Manistique Heights, pleaded not guilty to a charge of furnishing beer to a minor when arraigned yesterday afternoon in Manistique justice court.

Trial was set for 10 a. m. Tuesday, July 21.

Swanson was arrested by city police. The alleged offense is reported to have occurred July 10.

Briefly Told

BYF Meeting—The young folks of the Bethel Baptist Church will meet in the church Sunday at 6:30 p. m.

Brother Dies—Miss Cecile Barton and Mrs. Ed LaBelle returned Thursday from New York City where they attended the funeral of their brother, Roger Barton, who passed away suddenly July 8. The trip was made by TWA airlines from Chicago.

Thompson

Approaching Marriage
THOMPSON — Announcements were received here this week of the approaching double wedding of the Misses Dolores Ann and Kay Marie Faketty, daughters of Mr. and Mrs. Andy Faketty of Muskegon Heights, to Robert Francis and William Eugene Wingett of Muskegon Heights August 1 at the Sacred Heart Church.

A breakfast and reception will be held at Falcon Hall. The Misses Dolores and Kay are granddaughters of Mr. and Mrs. Ole Edwardsen.

Briefs
Edwin Gunderson was elected trustee at the school election held Monday. He received 25 votes, Mrs. Pearl Olsen, 188 votes, Mrs. Nettie Knuth, 5 votes and Mrs. William Grout, 2 votes.

Friends and acquaintances were grieved to learn of the death Sunday of Mrs. Jennie Heric. The Victor Heric family lived at Thompson for many years. They formerly owned the farm now occupied by Mr. and Mrs. Oscar Jasmin.

Mr. and Mrs. Nathan S. Southwell and four children of Flint spent Sunday at the home of her father, Farnk Lockhart. Mrs. Southwell was the former Marvel Lockhart.

Hugo Erickson and Carl Carlson went to the Oden Hatchery for a load of fish pellets Tuesday.

Mrs. Hannah Smith and daughters, Sonja, Karen, Mary Jane and Patsy, and Mr. and Mrs. William Mueller of Manistique left for an eight day convention of Jehovah Witness being held at New York City.

Mr. and Mrs. Tom Arnold and children have returned to their home here after a 10 day visit with their son and family, Mr. and Mrs. James Arnold, of Battle Creek.

Shriners March

NEW YORK (AP)—Between 25,000 and 30,000 Shriners will march down Fifth Avenue and Broadway and through Times Square tonight.

About 100,000 Shriners and members of their families are here for the 79th annual convention of the Ancient Arabic Order of Nobles of the Mystic Shrine.

KILLED IN ACTION—Sgt. Robert Rodman, above, was killed in action in the Korean War on June 11. Sgt. Rodman was serving his second tour of duty in Korea. He was the son of Mr. and Mrs. William Rodman, Manistique township. (Linderhof photo)

City Briefs

Mrs. Harold McNamara left yesterday for Green Bay where she will spend the weekend visiting with relatives.

Mrs. Eva Besner and Mrs. Francis Besner and daughter, Jeannie, left Wednesday to spend a week visiting in the Copper Country.

Mrs. Alma Johnson, of Chicago, has arrived to visit here with her sister, Mrs. Gust Settergren, Delta Ave.

Mr. and Mrs. Roland Traeger, of Green Bay, have returned to their home after visiting here with Mr. and Mrs. Arthur Drevdahl, 527 Oak St.

Mrs. Mary Aloise Weber and Mrs. Matt Weber and son have left for Manitowoc, Wis., where they will spend a few days visiting relatives.

Mr. and Mrs. Leonard Males, Range St., have been called to Coburn, Ont., because of the sudden death of their brother-in-law, William Johnston. Mrs. Johnston is the former Ida MacRitchie, of Manistique, sister of Mrs. Males. Also called to Coburn was another sister of Mrs. Johnston, Mrs. Fred Stephens, and her husband, of Kalamazoo.

Mr. and Mrs. Glyn Stone and family, of Pontiac, have returned to their home following a two-weeks' vacation here visiting relatives and friends. While here they were guests of Mr. Stone's mother, Mrs. Nina Stone, Michigan Ave.

Mrs. A. J. Cayia Jr. and small son, Fred, have arrived from East Chicago to join A. J. Cayia Jr., who was recently transferred to the engineering department of Inland Lime and Stone Company from the Inland Steel Company's plant at Indiana Harbor where he had been employed for the past three years. Mr. and Mrs. Cayia and family are residing at 423 Arbutus Ave.

Mr. and Mrs. E. W. Gratz, of Milwaukee, spent this week in Manistique and Germfask visiting relatives and friends. Mrs. Gratz is the former Connie Peterson, of Manistique.

Mr. and Mrs. John Hebert and family, of Munising, visited here recently with friends and relatives.

Mr. and Mrs. Andrew Mattson, of Minneapolis, Minn., are visiting here with friends.

A/1c Chalmers LaFreniere arrived in the States Tuesday and is expected to arrive here today to spend a 30-day furlough with his parents, Mr. and Mrs. William LaFreniere, 131 E. Elk St. A/1c LaFreniere has spent one year in Korea.

Mr. and Mrs. Ernest Lamkey and family, of LaPere, have returned to their home after spending a few days here with relatives.

Miss Nadine Reque, 631 Oak St., has left for Preston, Minn., to attend the wedding of a college roommate.

Mrs. Martha Bork, 608 Range St., has left for St. Petersburg, Fla., to spend some time with a friend, who is very ill.

Miss Irene Chandanais, Schoolcraft Ave., is a patient at the Schoolcraft Memorial Hospital.

Mrs. E. L. Schatzman and daughter, Dr. June Lorraine Schatzman, are returning Saturday to their home in St. Louis, Mo., after spending a week in the Manistique area visiting friends. The Schatzmans are former local residents. Dr. E. L. Schatzman at one time served as president of the Manistique Lions Club and general chairman of Manistique's homecoming celebration in 1938. The Schatzmans moved from here to St. Louis 14 years ago.

Mr. John Neu and two children, John and Jean, of Berkeley, Ill., are visiting here with Mrs. Neu's father, Orlando Ott, Lake St. Mr. Neu who accompanied his family here has returned to Berkeley.

Mrs. Otto Oestreich, of Detroit, has arrived here to spend two weeks' visiting her mother, Mrs. H. A. English, 218 N. Houghton Ave.

Mr. and Mrs. Harold Cockram Sr., of Manitowoc, Wis., former local residents, are expected here Saturday to spend a week at Indian Lake. They will be accompanied by Mr. and Mrs. Harold Cockram Jr., of Manitowoc.

Plan To Kill Bounty System Is Criticized

MANISTIQUE -- Ire of many Upper Peninsula sportsmen has been aroused, it is reported, because of the recent action of Michigan United Conservation Clubs in urging elimination of the state bounty system of predatory animal control.

In addition to voicing pointed disagreement with the stand taken by MUCC at its Cadillac convention, many northern sportsmen also view the action as another reason for Upper Peninsula interests to stick together, and not get involved with organizations dominated by the far more populous Lower Peninsula.

Merwin White, Manistique, an official of the Schoolcraft County Sportsmen's Club, an MUCC affiliate, has pulled no punches both in censuring the MUCC's stand on the bounty and also its obvious willingness to speak for Upper Peninsula sportsmen without consulting them.

Not Advocated In U. P.

Said White: "So far as I can determine, no sportsmen's group in this area has advocated removal of the bounty system. Yet the MUCC delegates adopted such a resolution, to be effective statewide. This brings us face to face with the unpleasant possibility that other resolutions concerning conservation matters counter to our needs or wishes can be placed before the legislature or Conservation Commission without our approval, but in such a manner as to make it appear that we did approve."

"On the other hand, changes that we may need or desire would have no chance of survival if opposed in convention by even one of the large downstate clubs."

"This is not a condition to be tolerated, and action must be taken to forestall a future repetition. An organization the size of MUCC is capable of accomplishing considerable good, but we have our own peculiar conditions up here, and being the kind of folks we are, we don't want anyone else deciding what is good for us."

White said that Upper Peninsula sportsmen, if they are to maintain their identity and influence in Lansing, must do one of two things: Either have a separate and distinct district of MUCC which can reach its own conclusions and present them at Lansing independently of the state-wide organization, or withdraw from the MUCC and reactivate the Northern Michigan Sportsmen's Association.

Supported By Herbert Lenon
The debate over the two systems of predatory animal control—bounty or paid trapper—would probably be academic if it were not for the rift it is causing between sportsmen of the two peninsulas and the possible effect on game birds and animals if the bounty on predators is removed, White said.

White, who is an amateur trapper with a wide knowledge of the woods and its inhabitants, is supported in his conclusions by one of the nation's leading professional trappers, Herbert Lenon, of Gulliver.

Lenon is a recognized authority on trapping, has contributed articles on game and predatory animals to outdoors magazines and has authored several booklets on trapping with sales throughout the nation and in foreign countries.

Both take sharp issue with statements made by biologists of the Michigan Department of Conservation — that prevalence of game animals and birds are relatively unaffected by the number of predators preying on them.

Hot State Trapper Plan
Both contend that heavy concentrations of predatory animals will cut sharply into game populations; that the state trapper system as favored by the conservation department is expensive and unproductive of results except in specific cases where trappers are sent into an area to remove definite livestock killers; and that the bounty system would control predators if bounty payments formed sufficient incentive to induce private trappers to go after the predatory animals such as foxes, coyotes and bobcats.

panied by Mr. and Mrs. M. Dietrick, Lansing.

White said that Upper Peninsula sportsmen, if they are to maintain their identity and influence in Lansing, must do one of two things: Either have a separate and distinct district of MUCC which can reach its own conclusions and present them at Lansing independently of the state-wide organization, or withdraw from the MUCC and reactivate the Northern Michigan Sportsmen's Association.

"Predators are plentiful today," White said, "because little incentive exists for trappers to go after them. Back 25 years ago, according to a study made by the University of Michigan conservation school, game was plentiful and predators were scarce. The reason for this," White explained, "was because furs were valuable — fox pelts brought a top market price — and private trappers kept the predators down."

"Today the situation is entirely different despite existence of the bounty system," he pointed out. "Bounties are still at the 1937 level, trapping expenses have doubled and tripled, and pelts of predators are relatively worthless. 'If bounties, instead of being removed entirely, were increased to a point comparable to other increased costs, trappers would soon clean the woods of surplus coyotes, bobcats and red foxes,' White predicted."

\$201 Netted Here During Tag Days

A total of \$201.03 was netted by the Manistique Women's Club during Central Park "Tag Days" July 3 and 4, it was announced yesterday by Mrs. E. T. Lundstrom, vice chairman of the club's civic committee.

A corps of local women distributed the tags in Manistique, working both in business and residential areas under the direction of the civic committee.

Largest sale of tags was achieved by Mrs. Archie Carpenter who turned in a total of \$25.59 to the committee. Most collections averaged between \$5 and \$12, Mrs. Lundstrom reported.

"In behalf of the women's club I wish to extend our deep appreciation to the public for its generous response to our tag day appeal," Mrs. Lundstrom said.

"Funds derived from the event will go into our Central Park fund. As a result of this type of public help we will some day have a development in Central Park, including swimming facilities, of which the community can be proud."

Mrs. W. A. Corson, civic committee chairman, is currently visiting relatives in the Detroit area.

St. Mary's Parish At Cooks Holding Picnic Sunday At Indian Lake

Families of St. Mary Magdalene Church, Cooks, will gather for a parish picnic Sunday, July 19, at Indian Lake State Park, it is announced.

The event will begin at noon and parishioners are to bring their own lunches. Lemonade and ice cream will be furnished by St. Mary's Altar Society.

Mrs. Leo Leveille is chairman in charge of the outing.

Festival Boat Prizes Voted

Prizes of \$195 for onboard motor boat races and \$25 for a model boat contest have been appropriated by the VFW Water Festival committee, it is announced by Everett Anderson, general chairman.

Entries in both events are now being solicited by the committee. Earl Malloch Jr. has charge of onboard races and Leo Rivard is chairman of the model boat event.

The committee also has set its general festival admission price at 50 cents for all persons over 12 years of age. Children 12 and under will be admitted free.

Special reserve seats will be established and tickets sold in advance under the direction of Richard Nigh, Anderson said.

Other subcommittee appointments announced by the general chairman include John Larson as chairman of the grounds committee and Ivor Wilcock and Chancey Hinkson as co-chairmen in charge of equipment and property.

The festival will be held at Indian Lake on Sunday, Aug. 16.

Press Carrier, Riding Bicycle, Is Struck By Car

William McGlynn, 13, a Daily Press carrier, suffered a left leg bruise and a fracture in a small left foot bone when a bicycle he was riding was struck by a car at 6:30 p. m. Wednesday.

The accident occurred at the intersection of Oak St. and S. Maple Ave. while the youth was delivering Wednesday's Press. He was treated by Dr. James H. Fyfe and was back on his carrier job again yesterday.

Driver of the car was Heman Strasler, 21, Manistique. City police who investigated reported that Strasler, who had been traveling north on Maple, swung left on Oak at the same time that the boy, going south on Maple, began a

In This Corner

With Ray Crandall

Buddy Weber closed his brief stay with the Dells softball team on a successful note the other night. Bud made the final out for the Dells Wednesday night against Paper Mill, when he caught a fly ball in left field to retire the side with Dale Wood perched on third base with the tying run. The Dells won by 4-3. Weber left yesterday to return to his Navy base.

His first home run of the year was a big one for Dave Viau, Escanaba Cub center fielder. He belted his initial homer of the season in the sixth inning with Allan Erickson on base to give Coach Al Ness' Waubesa Leaguers a 2-1 victory over Gladstone. Viau, incidentally, is leading the Cubs at the plate with a .282 batting average.

Fred Bioniaz, Perronville baseball team manager, writes to pay his respects to the Bark River baseball team. Bioniaz had high hopes of pinning the first loss of the year on the Barks last Sunday, but came out on the short end of a 5-0 score. "I really think Bark River will go undefeated in the Tri County League this year," Bioniaz writes. "And I think Bark River could challenge any team in the Upper Peninsula and come out on top," he adds.

Jens Jensen tells us another improvement will be made at Memorial Field diamond before the state Class A men's tourney is held here in September. The electric scoreboard in center field will be wired directly to the public address booth so that the official scorer can mark up strikes, balls, errors and the running score.

U.P. Women's Golf Tourney To Be Here

The Escanaba Highland Golf Club, which was host to the U. P. golf tournament last year and this summer will entertain the U. P. Oldtimers, will also be host to the official Upper Peninsula Women's Golf Association tournament July 27-30, inclusive.

This announcement was made yesterday by Mrs. Wesley Hansen, of Escanaba, who as president of the UPWGA will also serve as general chairman for the 26th annual UPWGA tourney here this month.

"Last year's turnout was disappointing so we are doing everything possible to have as full a field as we can for the 1953 tournament," Mrs. Hansen said. "About 50 local golfers will enter, we are sure of that, and if we procure 25 entries from outside this area, we will have a very fine and representative field."

Mrs. Hansen urged all women golfers, particularly in this area, to enter. She emphasized that it is not necessary to be a low handicap golfer to participate.

"Regardless of what a person shoots, she will find herself in a flight with women golfers who shoot a game to correspond with hers," she pointed out. "There-

Must Love Game Says Slaughter

NEW YORK (AP) — If Enos Slaughter, the old Cardinal in destructible, had to give a formula for staying young in baseball, he would start off with this receipt: "You gotta love it. Never lose your enthusiasm. Play every minute like it was the last out of the World Series."

This unquestionably has been the code of the balding, 37-year-old one-time country boy from Roxboro, N. C., who is completing his 19th year in professional ball and his 16th with St. Louis—excluding three years in service.

He has outlasted five Cardinal managers—Eddie Stanky is his sixth—and two owners.

He is the game's greatest competitor, they say, since Ty Cobb and many baseball men rate him with Ted Williams and Stan Musial as one of the outstanding performers of the era.

Enos—or "Country," as Burt Shotton dubbed him years ago at Columbus—still plays the game—with the gusto of a rookie. He's the first man on the field for practice and the last one off.

He runs to and from his outfield position between innings as if he were trying to beat out a punt. He's always hustling.

"When I can't run or hustle I'll quit," he said today, as he relaxed in his hotel room after a night game with Brooklyn. "Right now, it looks like that may be a few years yet."

No Point In Getting Ruffled Says Hogan

By JOHN RODERICK

PARIS (AP)—Mechanical man? A golf machine? Nervous?

These superlatives have been heaped on Ben Hogan, goldom's Mighty Mite from Fort Worth, Tex.

But what does the winner of the United States Open and British Open think?

"Well," he said Thursday night before boarding the boat train for Le Havre where he embarked for New York, "I'm only human, of course. But there's no point in getting ruffled. It just interferes with your game."

He said the European courses were a great deal different from those he was used to playing in the United States.

"Here they just make a tee and a green and then cut the grass in between," he observed. "They

fore, we want every one in this area to join in and make this one of the most successful tournaments ever held."

After 18 holes qualifying play Monday, July 27, the contestants will compete in 18-hole matches for three successive days. There will be 16 in the championship flight and eight in each of the other flights.

Miss Millie Johnson, of Marquette, will be on hand to defend the championship she won last summer.

In addition to Mrs. Hansen, other association officers are Martha Friets, co-chairman; Agnes Moersch, secretary, and Ruth Hengesh, treasurer.

Larsen Upset On Clay Courts

CHICAGO (AP)—Grant Golden of Wilmette, Ill., upset winner of defending champion Art Larsen, will try to continue as giant killer of the National Clay Courts tennis tournament today in a semi-final match against Hamilton Richardson, Baton Rouge, La.

Golden, a former Northwestern University star and seeded No. 8 for the week-long Clay Courts meet, scored the first major upset Thursday by ousting southpaw Larsen, second seeded, 6-2, 4-6, 6-1, 6-3.

Hamilton, the 1953 national intercollegiate champion swept through his quarterfinal round by downing George Worthington, Sydney, Australia, 6-1, 6-4, 2-6, 7-5. The upper-bracket semi final, to be played Saturday, pits top-seeded Vic Seixas against Tony Trabert of Cincinnati, the 1951 Clay Courts champion.

Maureen Connolly, making her first clay courts title bid, will play Mela Ramirez, tiny stylist from Mexico City, in the top women's semi-final match Saturday.

Colored Hurler Gives Up Baseball Battle

HOT SPRINGS, Ark. (AP)—A fireballing Negro pitcher, who has compiled a 20-7 record for Knoxville in the Class D Mountain States League, has given up for this season his fight to play in the Cotton States League.

James Tugerson said Thursday that attempting to play with Hot Springs in the Class C circuit would be a "waste of time to me. It would hurt my record." Hot Springs club attorney, Henry Britt, said Tugerson would be returned to Knoxville to avoid having the Negro suspended "if he plays with the Hot Springs baseball club."

Tugerson has a \$50,000 civil suit pending against the Cotton States League. He has charged the league with conspiring to prevent his playing in the loop because he is a Negro.

then toss in a few bunkers and traps. This was true of Carnoustie (where he won the British Open). In the United States we tailor our courses more. We manicure them."

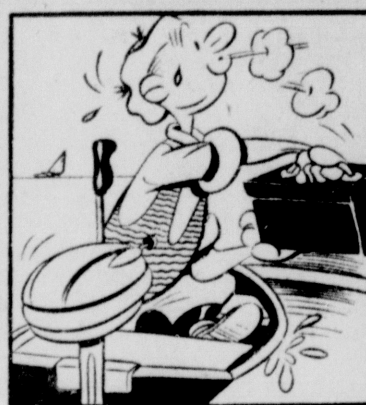

Before taking off from Paris Ben learned that New York was planning a ticker tape welcome when he arrived there. His ship, the United States, is scheduled to dock Tuesday. He said it was fine with him.

(In New York Grover Whalen, the city's official greeter of dignitaries, said Hogan and his wife, Valerie, would be escorted in a motorcade to City Hall for a greeting by Mayor Vincent Impellitteri, then taken on the traditional ticker tape ride up lower Broadway.)

The Tigers had a chance to pull it out in the ninth. They filled the bases with one out against relief pitchers Ellis Kinder and Sid Hudson.

Yanks Find This Road Trip Is Going To Be Different

By BEN PHILEGAR
(AP Sports Writer)

It didn't take the New York Yankees long to find out that this Western trip is going to be different.

Only a month ago the league leaders blazed through St. Louis, Chicago, Cleveland and Detroit on a 10-3 decision over Chicago. All-victories tour of 14 games. This time they got stopped before they got started.

The Yankees virtually invented the home run and the lowly St. Louis Browns made them mighty sorry for it in the opening game of a twilight-night twin bill. The Browns pounded three in a row out of the park in the first inning—tying the major league record—and added two more later in the contest for an 8-6 victory.

Lose Full Game
The defeat was the first of the year for the Yankees in St. Louis and although they rallied to take the nightcap 7-3 they lost a full game of their first place margin to the hustling Chicago White Sox, double winners over Washington.

The Sox won the first game in 10 innings 6-5 and the second 5-4 over the regulation distance. Billy Pierce, pitching in relief for only the second time this season, drove home the deciding run with a single in the first game for his 11th victory. A pinch hit home run by Eddie Stewart made the difference in the second. The Sox now trail by four.

The two other first division American League teams also triumphed. Cleveland beat Philadelphia 5-3 on Al Rosen's grand slam home run and Boston nipped Detroit 3-2 with Mel Parnell winning his 13th game, tops in the circuit.

Dodgers Up Lead
Brooklyn increased its National League lead to 2½ games by trouncing St. Louis, 9-2, while

second place Milwaukee was losing to Pittsburgh, 5-2. Philadelphia won a couple of squeakers from Cincinnati, 3-1 and 3-2. And the New York Giants, who had won eight in a row before the Dodgers stopped them in the final game before the All-Star break, resumed their winning habits with a 10-3 decision over Chicago.

Home runs were a big item in almost every game. Out of 11 contests in the two leagues the only one without a homer was the Milwaukee-Pittsburgh affair. The total production was 24 of which 15 were in the American League.

In addition to tying the 3-in-an-

Set Intra-Squad Games For Little League Players

The annual Escanaba Jaycee League intra-squad games will be played at the league diamond tonight and Saturday night at 6:30.

Players who will see action in the games were named by team managers yesterday. Following the two games, managers will select a 14-man All Star team for the tournament trip to Stevens Point, Wis. Al Ness, manager of the Escanaba Cubs, is assisting Little League managers in preparation for the tourney.

Merchants Play Two Games At Ishpeming

The Escanaba Merchants softball team will travel to Ishpeming for a Saturday night double-header against Holmgren Motors and Roosevelt Park teams.

Players will meet at Skhny's Bar at 5:30 for the trip.

Hutchinson Still Sees Some Hope For Future

By JOE FALLS

DETROIT (AP)—Even though his Tigers keep fumbling and stumbling, Manager Fred Hutchinson sees some hope for the future. He's put his stamp of approval on Detroit's five newest pitchers.

You won't find any Walter Johnsons among them, but Hutch is satisfied with the way Steve Gromek, Dick Weik, Al Aber, Bob Miller and Ralph Branca have hurred.

He even had some good words for Gromek, veteran right-hander, who lost to the Boston Red Sox Thursday night, 3-2.

"We Fluffed It"
"Why," said Hutch, "he gave up only three runs—and yet lost the game. We fluffed three or four chances to win it for him."

But that's the way it's been with the Tigers since the season started. The pitching and hitting just can't seem to get together.

The finger of defeat has pointed at the pitcher time after time. There were at least eight or 10 games which Tiger hurlers dropped down the drain.

Then, seeking to bolster this week point, the Tigers acquired Branca, Miller, Weik, Aber and Gromek.

Two Fat Homers
So, Tiger fans, take heart. The pitching Hutch feels, will get better. It can't get worse.

Gromek had only himself to blame last night, although his mates didn't give him too much batting support. He served up home run balls to Gene Stephens (none on in sixth) and Jim Piersall (one on in seventh) and that did it.

The Tigers had a chance to pull it out in the ninth. They filled the bases with one out against relief pitchers Ellis Kinder and Sid Hudson.

Hits Into Double
Bill Henry was called in to pitch to pinch-hitter Steve Souchock. A fly ball would have tied it, but Souchock slapped into a game-ending double play.

The Tigers had scored in the first inning on Walt Drogo's run-scoring single and in the seventh on Bob Nieman's single.

Mel Parnell was the winner,

picking up his 13th victory—most in the league—against five setbacks.

Games Sunday
Fayette at Cooks
Manistique at Trenary
Garden at Rapid River

The Bay de Noc League returns to action Sunday after a week off for the annual All Star game, won by the Stars 7-2 over Manistique.

The Cardinals take to the road, laying their undefeated record on the line at Trenary. The fast-improving Trenary team has climbed to second place in the six-team circuit and boasts five wins in eight starts.

In their first half meeting Manistique edged Trenary 5-4 and their Sunday tandem promises to be one of the big hurdles for Manager Fred Lesica's Cards.

Fayette will travel to Cooks in another key game. Cooks ranks one step ahead of Fayette in the standings.

The remaining game Sunday matches Garden against Rapid River at the Rapid River diamond.

Harnies Down Dells To Enhance Position

Harnischfeger shrugged off the challenge by the Dells last night to win an 8-2 American League softball victory, taking one step closer to the 1953 league pennant.

John Pieropon fired the key victory for the Harnies who cemented their perch atop the American League ladder. He scattered four singles going the route. Pieropon chased Dells starter George Bartley in the second inning with a bases-loaded double. Peeewe Marenger had belted a

two-run homer in the first off Bartley.

Don Paulin moved over from first base to handle the Dells pitching duties.

Tom Eleegert notched an 11-4 victory for Paper Mill over Hi-Way Tavern in another American League clash. Walter Lake was the losing hurler.

In National League action Clairmonts defeated Westby's with Ray Menard, Bill Rodman and Paul Vardigan handling the hit assignment. Jim Gravelle homered for the winners while Vardigan and Dan Marsick collected two hits each.

Anderson Brothers ran away with a 21-7 victory over Neisner's.

CARD OF THANKS

We wish to take this means of expressing our sincere appreciation of the wonderful acts of kindness shown us by neighbors and friends at the time of our recent bereavement, the death of our beloved husband and father, Alex McLeod. Especially do we wish to thank those who sent floral or spiritual bouquets, those who served as pallbearers or donated the use of their autos for the services and to all others who by word or deed assisted us at that time. The memory of these acts will long remain with us.

Signed:
Mrs. Alex McLeod,
Mr. and Mrs. Leo Foye

British Ease Up Tension On Suez

CAIRO, Egypt (AP)—The British announced they are relaxing restrictions on road and rail traffic around the Suez Canal town of Ismailia.

The British move is expected to ease somewhat tension over establishment of British-manned road-blocks and check points on Monday.

The British charged an Egyptian officer was implicated in the disappearance of a British airman. The Egyptian authorities denied any knowledge of the incident and demanded the traffic controls be lifted.

Despite strong Egyptian resentment no serious incidents were reported in the area.

While there was no word of the missing Briton, Leading Aircraftman A. V. Rigden, Egyptian police did hand back another British soldier who said he wanted to quit the Army because of financial difficulties. His name was withheld.

Maj. Salah Salem, Egyptian minister of national guidance, announced the soldier, wearing civilian clothes, gave himself up to the Egyptian authorities at Ismailia and he was handed over to the British military authorities.

Blaney-Green School

Mennonite Church services, Norman Weaver pastor, Sunday school, 10 a. m. Preaching service, 11 a. m. Sunday evening service, 7:30. Mid-week prayer service and Bible study 7:30 Wednesday.

Mr. and Mrs. Bill Bentley of Green Bay visited recently with Mr. and Mrs. William E. Tennyson.

Mr. and Mrs. Joe Anderson and family of Detroit spent the week end with Mr. and Mrs. Roy Anderson.

Mr. and Mrs. William Clements returned from a month's vacation in Detroit Monday. They visited with their daughter and family Mr. and Mrs. Dean Crappo.

Mr. and Mrs. Lyle Stratton and family of Lansing left for their home after spending the past two weeks with their parents Mr. and Mrs. Volly Stratton.

Adelore LaCroix Jr. spent Sunday with his parents Mr. and Mrs. Adelore LaCroix Sr. Adelore is employed at St. Ignace.

Mr. and Mrs. John Hettel and family have returned from a two weeks vacation trip to Arkansas.

Mr. and Mrs. Robert Lockheart and family have moved into the house formerly owned by Mrs. Rosella Swayers.

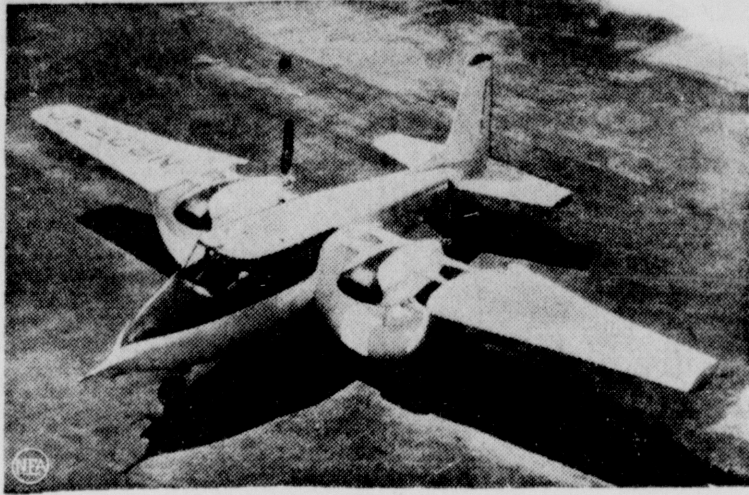

Bill Jobs of Detroit visited with Mr. and Mrs. William E. Tennyson last weekend.

Mr. and Mrs. Charles Orr and Mr. and Mrs. Junior Lee and family of Clinton, Mich., were recent visitors at the Donald Lee home.

Work has started on the black topping of the Inland Quarry road. At the present time the road is closed three miles in.

School Election
Members of the Mueller Township school board elected Monday are Leon Carroll and Ray Olsen, three year terms, and Mrs. Leatha Vallier to fill a vacancy for one year.

In U. S. cities 60 to 80 per cent of traffic fatalities are pedestrians.

"OLD" IS NEW—An old design becomes new among modern aircraft with the production of this twin-engine plane using "old-fashioned" pusher-type propellers. It made its first appearance at Hagerstown, Md. The five-passenger plane is said to attain speeds greater than any other type executive plane, but can be operated at unusually low speeds. Note the unorthodox seating of the engines. It is being produced by the Custer Channel Wing Corp.

Early Talks Promised On Natural Gas Line For Upper Peninsula

WASHINGTON (AP)—Upper Michigan has a State Department promise of early talks with Canada over a projected Canadian natural gas pipeline. The pipeline would run through northern Wisconsin and upper Michigan.

Representatives of the two states met Wednesday with officials of the State Department.

Afterwards, Rep. Bennett (R-Mich.) said his group had been promised that the department would open talks with Canada "at an early date."

The proposed pipeline would draw gas from Alberta's natural gas fields to eastern Canada's industrial centers.

An effort has been made to get this gas also for northern Wisconsin and Michigan's Upper Peninsula.

Polluted Air Hangs Over Port Huron

PORT HURON (AP)—Air pollution experts sought to find the source and composition of a gas which hovered over the southern part of this city Wednesday, irritating eyes and throats of hundreds of persons and causing a woman to faint.

George Clayton, technical advisor to the International Advisory Board on Air Pollution, toured the area with State Health Department officials and representatives of a chemical plant at Sarnia, Ont., across the St. Clair River.

Clayton said investigation disclosed only that the gas came from the Sarnia area, where there are several chemical plants.

Clayton said either chlorine or chloropierin may have been in the gas. Both are lung irritants.

Kingpin Gambler Adonis Set Free

TRENTON, N. J. (AP)—Smiling, natty and wisecracking, kingpin gambler Joe Adonis emerged from prison Thursday after serving almost 26 months of a gambling sentence.

"I can recommend this place to my best friends," he quipped to reporters as he sauntered from the prison in custody of U. S. Marshal William Kish, who had new charges for Adonis to face.

Kish took Adonis to appear before U. S. Commissioner Clifford R. Moore on warrants accusing him of perjury before a congressional committee and contempt of Congress.

Adonis also was scheduled to go to Hackensack under state police guard to answer a detainer lodged against him by Bergen County as a material witness in a bribery case.

Adonis went into the prison on May 29, 1951, to serve his first sentence.

Adonis and four henchmen—Sal Moretti, James "Piggy" Lynch, Arthur Longano and Anthony Guarini—were sent to jail for operating million-dollar dice games in Bergen County. They all pleaded no defense.

The government is seeking to deport Adonis as an undesirable alien.

Burns Fatal

GUILDFORD, England (AP)—Hilaire Belloc, 82, poet, novelist and historian, died from burns received when he fell into a fireplace at his home Sunday.

Rock

ROCK—Mrs. John Berg and Mrs. Gerald Hill spent the weekend in Iron Mountain with Mrs. Berg's sister, Mrs. Victor Newberg. Mr. and Mrs. Lawrence Eisenbries, Chicago, are visiting Mrs. Ida Jokela. Mr. Eisenbries will leave after his two-week vacation, but Mrs. Eisenbries and children will spend the rest of the summer with Mrs. Jokela.

Mr. and Mrs. Henry Jokela visited with her sister, Mr. and Mrs. Peter Hyvonen, in Seney Sunday.

Mrs. Clarence Sayen and daughter Cynthia of La Grange Highlands, Ill., returned home Monday after spending an additional week with her parents in Marquette.

Betty Sayen also spent a week in Marquette. Mrs. Pauline Sayen accompanied her daughter-in-law to LaGrange Highlands for a visit.

Mr. and Mrs. Andrew Karne, Waukegan, Ill., visited with Mr. and Mrs. Henry Jokela Tuesday.

Surplus Of Military Equipment Reported Worth Eight Billion

WASHINGTON (AP)—House investigators say the United States may lose "an unpredictable amount of money" unless an effective plan is developed for disposing of billions of dollars worth of surplus military equipment.

A House operations subcommittee told Secretary of Defense Wilson Wednesday to prepare immediately a concrete program.

It said in a report to the House that nearly eight billion dollars worth of goods is now considered surplus.

Waukegan Girl Drowns In 3 Inches Of Water

WAUKEGAN, Ill. (AP)—A year-old girl drowned Wednesday, deputy sheriffs said, when she fell into a wash pan which held three inches of water.

The wash pan, about 10 inches deep and 14 inches in diameter, had been placed in a play pen for the baby, Susan Marie Haftl, daughter of a Chicago policeman when she visited at the home of her grandparents at nearby Crooked Lake.

Dep. Sheriffs Miles Freeman and William Wood said the parents and grandparents had gone into the house for about 10 minutes and when they returned they found the baby's head in the pan. The deputies said the baby apparently had lost her balance and fell into the pan.

Dives Off Queen

NEW YORK (AP)—An Englishman, on his way back home aboard the Queen Elizabeth, took an 80-foot plunge into the Hudson River from the liner's deck while she was getting ready to sail.

Edgar Foster, a Birmingham businessman, went aboard the ship Wednesday. When no one was looking—except reporters and photographers alerted to the stunt—he dived from the sun-deck rail.

He crawled ashore, dried himself, picked up fresh clothes and luggage and went aboard again. He had taken the dive in bathing trunks, hidden under street clothes which he stripped off on deck.

He didn't explain why he did it. Pound for pound, rabbit meat has the same food value as beef.

Danforth

Services Changed

Danforth—The Sunday evening services at the Danforth School have been discontinued, and Sunday morning services are being held instead, it was announced by Rev. Paul Horst.

Sunday School will be held at 10 a. m. and regular services at 11 a. m. The public is invited to attend both these services. The Mennonite Daily Vacation Bible School ends this weekend with a program Sunday at 8 p. m.

Birthday Party

A group of friends gathered at the Paul Horst home Monday evening to celebrate the seventh birthday of Lowell Horst. A wicker roast and picnic lunch were held on the lawn. Lowell received many gifts.

Guests attending were Mr. and Mrs. Llewellyn Larson and Carol, Mrs. George Larson and George,

the Misses Verda Schmeltzer, Ruth Miller and Luella Livermore and his brother, Devon and David, and his sister, Janalee.

Brief
Mrs. Jack Zipfel of Milwaukee visited with her parents, Mr. and Mrs. Peter Larson, over the weekend. Her mother accompanied her to Milwaukee for a visit.
